Council-School Board Discuss Proposal For "Wage Tax" Of 15 Mills

This is a possibility that an earned income tax of 15 mills will be assessed upon citizens of New Castle next year.

At the meeting of the New Castle school board Wednesday night the board agreed to discuss further with the city council the mechanics of such a tax. It was said at the board meeting that the council has already made plans to levy a ten-mill earned income tax. The school board would levy a five mill tax if the proposal materialized.

U. S. Steel Denies Demand Of C.I.O. For Increase—Steel Prices To Be Cut

(BULLETIN)

PITTSBURGH, April 22.—(INS)—United States Steel Corp. has denied the C.I.O. demand for a "just and much needed wage increase requested by the union." President Philip Murray announced today.

Almost simultaneously Benjamin F. Fairless, president of "Big Steel" announced also that a wage raise had been denied the union and disclosed that prices for a wide variety of its steel products would be reduced on May 1, 1948.

Criticizing the steel company for refusing a pay boost, Murray at the same time indicated there would be no steel strike. He said: "The union has agreed on a two-year no-strike contract. We will live up to that contract."

Sawyer Is Named Belgian Envoy

WASHINGTON, April 22.—(INS)—President Truman today named Charles G. Sawyer, former ambassador to Belgium, as secretary of commerce replacing W. Averell Harriman who is resigning to become the Marshall Plan "roving ambassador."

The White House announced Sawyer's acceptance of the cabinet post and said his nomination probably will be sent to the Senate tomorrow.

Sawyer, in a telephone conversation with Mr. Truman this morning, agreed to accept the cabinet position.

He is a Cincinnati attorney and Ohio Democratic leader.

Pa Newc Observes

Under the outline of the plans for the Butler road project, east of Lawrence County, it is revealed that the first traffic underpass will be constructed in this area. It will be near Dixie Inn, at the intersection of routes 422 and 19.

Pa Newc was rather surprised, while waiting for a traffic light to change, downtown, to hear some music floating on the air. It was discovered that a radio in the cab of a huge truck-trailer that was passing by, was giving out with the music.

Pa Newc is glad to again welcome the Rotary host to New Castle for the district conference, on behalf of the residents of the city. May you have a profitable convention and an enjoyable visit to this city.

Another touch of frost was noted in the local district early this morning, but it is not believed to have caused any serious damage.

Huge Rewards For Assailant Of W.P. Reuther

Total Rewards Offered For Capture Of Triggerman Reach \$117,900

FEW REAL CLUES YET DISCLOSED

(BULLETIN)

DETROIT, April 22.—(INS)—Detroit police today added professional labor terrorists to a growing list of suspects in the attempted slaying of Walter P. Reuther, president of CIO United Auto Workers union.

Police saw similarity in the shotgun ambush attack upon the red-baiting labor leader Tuesday night and a series of assaults in 1946 upon UAW and police investigators were convinced that the Briggs beatings were done by paid thugs but were unable to furnish proof.

Round Up Ordered

Police Commissioner Harry Toy also ordered the recently reactivated police subversive squad to round up all Communists known to have caused trouble recently.

At New Grace hospital where he is convalescing from four slug wounds, Reuther himself was unable to provide a lead in the most intensive manhunt in Michigan history.

Total rewards offered for capture of the triggerman meanwhile rose to \$117,900 with receipt of a \$100 reward offer by UAW Local 527 of the Marquette Products Company of Cleveland.

Despite the feverish pitch of the search, however, police had only two real clues—identification of the get-away car as a "late model Ford sedan," and three footprints beneath the kitchen window of the Reuther home through which the shot was fired.

Reuther, struck in the right arm and the chest, was said today to be "out of danger." But doctors who removed four pellets from the torn tissue said that the radial nerve may be shattered, and he may never regain full use of his arm.

Secretary Forrestal Outlines Compromise Armed Forces Plan

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, April 22.—Defense Secretary Forrestal's compromise defense program calling for a 66-group air force and a "state of relative readiness" won guarded Senate support today.

Members of the Senate armed service committee, starting to work at once on the new proposal, voiced their approval of Forrestal's plan to reactivate and modernize 11 groups of planes now in storage.

Away From U.M.T.

At the same time, there were indications the senators are swinging away from Universal Military Training and toward a substitute through strengthening the National Guard and Organized Reserves. U.M.T. is considered dead in the House and has been given only a fighting chance in the Senate.

Forrestal's final recommendation, backed by the joint chiefs of staff, would give the armed forces a new authorized strength of 1,795,000 men and add only 481 million dollars to President Truman's original supplemental request.

The new program would bring the fiscal 1949 defense budget to fourteen billion 481 million dollars. Mr. Truman and Forrestal last month asked that the original eleven billion dollar budget be (Continued on Page Two)

Lions Celebrate 25 Years Of Service

Twenty-five years of active service to the community was commemorated by New Castle Lions Club Wednesday evening, when a charter night dinner and program was held in The Castleton, with the Ladies of the Lions as guests.

It was an occasion of great interest and enjoyment for the 138 who were present, and from the moment the doors of the dining room were opened, until the last straggler left the dance floor at the close of the evening, there was something doing that made those present realize it was a momentous occasion.

As the members and guests assembled in the dining room, each lady was presented with a corsage by little Sandra Lee Davis, niece of Councilman Richard I. Davis.

Honor Charter Members

Past President Harding Thayer presided as toastmaster, and the guests were introduced by Dr. Tom Fletcher, following which King Lion S. Glenn McCracken took over, and presented Dr. Thomas M. Protest Strike Of Coal Miners Appears Ended

Estimate 90 Per Cent Of Miners Are Back At Work In Nation Today

LEWIS IS FACING NEW SENTENCE

By PHILLIPS J. PECK
(U. S. Staff Correspondent)

WASHINGTON, April 22.—An estimated 90 per cent of John L. Lewis' 400,000 United Mine Workers reported at the nation's soft coal pits today as the union president began a new fight for miners' pensions.

Despite resentment at the fines of \$1,400,000 against the union and \$20,000 against Lewis imposed for criminal contempt of court in the 29-day walkout, the miners, at their chief's urging, discontinued their protest strike.

New Sentence Friday

Lewis returns to Federal Judge T. Alan Goldsborough's court tomorrow to hear his sentence on the civil contempt charge. Had the protest walkout continued he and the union would have faced additional heavy penalties including a possible jail sentence for the UMW president.

A preliminary injunction designed to insure peace in the soft coal mines for 90 days, as provided by the Taft-Hartley law, is in effect and Lewis has indicated he wishes no defiance of the court order.

Production "Nearly Normal"

The coal production picture was reported "nearly normal" in most areas but was clouded by the probability that General Motors Corporation would lay off 200,000 employees tomorrow because of a steel shortage resulting from the mine stoppage.

Both industry and union leaders, however, expected the mining of coal to be proceeding at its regular rate by the time Lewis presents himself before Goldsborough tomorrow at 10 a. m. (EST).

Coal operators and UMW officials agreed that the turn out for the day shift this morning was near normal.

Barring any further unforeseen interruptions, industry leaders expected coal production to climb back to normal within the day.

Reports from Utah to Pennsylvania indicated the miners had either already returned or were returning to their jobs.

Bessemer Boro On D.S.T. April 25

In conformity with a change to daylight saving time in neighboring communities, Bessemer borough council has voted to adopt daylight saving time beginning at midnight Saturday, April 24. It was announced today by a spokesman for the council.

Arthur Mometer

The summer tools are on the job, the mower and the rake, and folks who like to tinker round agree that thinks are "jake". The hose is out and going strong in watering the lawn, for things are growing mighty fast, the winter chill is gone. And round the bend the summer time is waiting to come in, and folks who plant their peas and cukes are showing off a grin. Come on Old Sol and strut your stuff, and do some summer tricks, we want some days and nights of heat, the weather's sixty six.

CONSERVATION TEA AND PROGRAM GIVEN

Mrs. J. Edward Everett, of 318 Fairfield avenue, graciously received members of the Conservation-Garden department of Women's club in her home Wednesday afternoon for a delightful spring program with Mrs. W. H. Shadick, Mrs. H. E. Wiant, Mrs. C. H. Mitholland, Mrs. T. M. Shaffer, Mrs. Frank Moorehead, Mrs. M. E. Swisher, Mrs. Roy Snyder, and Miss Cordelia Roberts as hostesses. Members responded to roll call by naming a spring-flowering bulb. Mrs. John Ingham favored with a pleasing group of original poems for children, "Friends," "Vanity," and "Sonny's Garden," all written for her grandchildren. She concluded with "A Prayer for Peace."

A demonstration in making floral arrangements was presented by Thomas J. Cunningham, local florist, and they included one of daffodils in a blue bowl, a low centerpiece of the same flowers with blue iris added, stocks in a variety of hues, and a corsage of red carnations presented to the hostess.

Three new members were welcomed, Miss Gevion Stevenson, Mrs. Harry Glover, and Mrs. H. D. Harlan.

For an arrangement of poinsettias, a crystal vase won by the Conservation-Garden department at the Christmas flower show was displayed by Mrs. T. M. Shaffer, president.

Plans were made to exhibit displays at the spring flower show on May 5 in Trinity Episcopal church. It was decided that the May meeting will be a luncheon meeting, the place to be announced later.

Tea was served at the close of the afternoon from a table beautifully decorated with spring flowers with Mrs. T. M. Shaffer pouring.

Butler Girls Luncheon

For one o'clock luncheon members of the Butler Girls club were entertained in the home of Mrs. Edward Book, 201 East Moody avenue, on a recent afternoon. Daffodils and white candles in crystal holders centered the table.

Mrs. Lloyd Moore, who aided the hostesses, and Mrs. Gertrude Wick, of Cleveland, were special guests.

Next meeting will be May 21 in the home of Mrs. Clyde Wick, 1717 East Washington street.

CHILD CIRCLE HAS APRIL ASSEMBLY

Child Development circle was received Tuesday evening for its April assembly in the home of Mrs. Robert Mills, Moody avenue.

Mrs. Arthur Alexander, president, appointed Mrs. Howard Boslick, Mrs. James Campbell and Mrs. Russell Druschel as the nominating committee. Mrs. Russell Muder, Mrs. Lyle Wing and Mrs. Russell Johnston were named to plan for the group's dinner in June.

"Off To Date We Go" was the subject of Mrs. Johnston's paper. Dainty refreshments were served by the hostess with her mother-in-law, Mrs. Fred A. Mills of Harrisburg, and Mrs. Alexander as aides.

Mrs. Donald Copson, 134 Leasure avenue will entertain the circle at her home Tuesday evening, May 18.

PRE-NUPTIAL SHOWER FOR ESTHER GREGORY

Miss Dorothy Hartshorne of 522 East Moody avenue was hostess at a bridal shower Saturday evening in honor of Miss Gregory, who will be married to Ralph Pettitt of this city in June.

Games of a miscellaneous nature were played with prizes going to Mrs. William Pettitt and Miss Mary Wilkins.

Refreshments were served at a table set for 12 with appointments carried out in yellow and white. At the bride's place was a miniature doll bride, while bridesmaid dolls dressed in yellow held place cards.

A daily decorated clothes basket contained an assortment of lovely and useful gifts for Miss Gregory.

W. C. Club Has Dinner
Mrs. Ira Skaggs, West Washington street extension, was hostess to the W. C. club Wednesday evening when a thirteen dinner was enjoyed.

Later cards were in play, with high score trophies being captured by Mrs. William Shell and Mrs. Skaggs.

ANDRADE-SOWASH NUPTIALS PLEDGED

At a nuptial mass solemnized at 10 a. m. in St. Theresa's church, Coral Gables, Florida, on April 8, Miss Beatrice Alice Andrade, daughter of Dr. and Mrs. Cesar Andrade, formerly of Guayaquil, Ecuador, now living at 820 Madrid street, Coral Gables, became the bride of William Edward Sowash, son of Mr. and Mrs. William F. Sowash, of 937 Maryland avenue, this city. Rev. Thomas Comber officiated.

The wedding ceremony was a double one for the bride and her sister, Miss Maria Christina Andrade, who was married to Gustavo Amaya, of Guayaquil.

Miss Margarita Gammatel, of San Salvador, attended Miss Beatrice Andrade, and Miss Patricia O'Connor, her sister. Mr. Sowash had as best man Robert Heagan, a student at the University of Miami, and Mr. Amaya's best man was Jose M. Lovaton, consul from the Dominican Republic.

A reception at the Andrade home followed the ceremony.

Mr. and Mrs. Sowash will make their home in Coral Gables while he continues his studies at the University of Miami where he is a junior studying business administration. Mrs. Sowash is a graduate of Notre Dame de Lourdes Academy, New York. Her father is a former secretary of the treasury of Ecuador. Mr. Sowash is a veteran of World War II having served four years in the AAF, two of them in the Pacific.

STROUSS-HIRSHBERG ANNUAL STORE PARTY

Strouss - Hirschberg employees numbering 135 enjoyed their annual store party Wednesday evening at the New Castle Country club, with guests attending from Youngstown and Warren, O., company stores.

At 7:30 o'clock the group sat down to a delicious turkey dinner with all the trimmings. Tiny umbrellas marked each individual place, and lovely spring floral bouquets centered the tables, tall candles flanked on either side.

Charles Wayland of the local store capably presided as master-of-ceremonies. Various entertaining acts were presented during the evening program, with the guests and local employees participating.

J. O. Huston, department manager of the Strouss-Hirschberg company, provided the piano accompaniment throughout the evening and also offered selections. Vocal selections of original songs were given by Gerald Meyer of Youngstown, O., and he accompanied himself with music from improvised instruments. Dance routines, a barber shop quartet, a women's vocal quartet and community singing were among the other features. Toasts and dancing were the main diversions at the close of the program.

Those of the local store who comprised the committee in charge and due credit for the evening's great success were: Sara McGoun, Bertha Jinks, Martha McNally, Betty O'Neill, Genevieve Burgo, Emma McIlvenny and Viola Allison.

EPWORTH W.C.S. PROGRAM PRESENTED

Women's Society of Christian Service of the Epworth Methodist church met in Grace chapel of the church Wednesday evening following an executive board meeting.

After opening prayer by Mrs. Russell Rhodes, president of the W. S. C. S., the meeting was turned over to the Maxwell-Reynolds circle with Miss Pauline Parker in charge of devotionals. She read two verses, "Responsibilities of the Church" and "Women's Christian Service."

As a solo Miss Louise Burgo sang "Does Jesus Care?" preceding the program presented by Miss Dorothy Depp. "Rural Churches" was the theme and Miss Mildred Lusk spoke on "What Is a Rural Community?" Mrs. Thelma Twaddle of "Keeping the Church Open" and Mrs. Jerry Gilmore on "Appreciation of Rural Communities."

As a highlight, one member of the Allen-Andrews circle, Mrs. George Forrest, was presented through the W. S. C. S. with a special certificate and pin from her daughters, Mrs. Ed Russell of Birmingham, Ala., and Miss Ruth Forrest. Presentation was made by Mrs. J. F. Rentz on behalf of the W. S. C. S.

During the business meeting, Mrs. Claire Moore was appointed membership secretary. The group was invited to the dining hall where from a table decorated with spring flowers, a lunch was served by the Maxwell-Reynolds circle with Mrs. J. M. Edwards pouring.

Next meeting will be May 19 with the Allen-Andrews circle in charge.

Family Tree Search Instituted By Many American Citizens

Cost Varies From A Few Dollars
For Genealogical Research To
\$500 For Family Arms

LONDON (INS)—More and more Americans are checking up on their pedigrees.

With business at home brisk plus unprecedented demands for information from the United States and the Dominion, Britain's College of Arms is experiencing a gigantic boom.

Large numbers of Americans are asking the college to trace their ancestry and many ask for a grant of Arms.

Naturally it all costs money—from a few dollars for genealogical research to about \$500 for a grant of Arms.

Inquiries usually begin with a simple question as to ancestry but these often result in lengthy and costly examination of ancient and remote records.

The College of Arms alone has the authority to issue arms in Britain.

Called Herald's College

Sometimes called Herald's college, it is situated in London's Queen Victoria street. It is open daily from 10 a. m. to 4 p. m. with an Officer of Arms always in attendance to deal with inquiries.

But most requests for information come by mail, which can be directed to any of the officers of Arms.

The college has 13 officers—three Kings of Arms, six Heralds and four Pursuivants—all of whom specialize in genealogical and heraldic work for their respective clients.

The Duke of Norfolk, as Earl Marshal of England, appoints the pursuivants who can work their way up to kingship. Sir Algar Howard, as Garter King of Arms, is the "boss" of the lodge.

All officers of the college are entitled to all the revenue they earn by dealing into family trees. They also are paid a small salary.

Americans Most Interested

Americans seem most interested in the work of Pursuivant Anthony Wagner. His work shows Queen Elizabeth's ancestry and cousinship to George Washington and General Robert E. Lee.

According to Wagner hundreds of Americans have royal English lineage.

Arms have been and are still granted by Letters Patent from the Kings of Arms under authority delegated to them by the sovereign. This authority has been theirs since at least the 16th century.

St. Vitus Church Crowning May 23

Miss Julie Terranova was elected May Queen for ceremonies to be held on Sunday, May 23, in St. Vitus church, instead of May 9 as was previously announced.

Crown bearers are Frances Corio and Jennie Damiano. The queen's court will include Genevieve Marozzi, Delores Genovese and Edith Smarelli.

All sodalists who will attend the communion breakfast with their mothers as guests on May 9, place reservations in advance with their individual committee heads.

Samuel Perrotta Injured At Work

Samuel Perrotta of 1048 Maryland avenue, is confined in the New Castle hospital suffering with injuries to his neck and back, received Wednesday evening at 8 o'clock, while working at the B. & O. railroad.

According to the report, Mr. Perrotta was cleaning the engine in the yard, and was side-swiped by another engine going by. X-ray pictures are being taken in order to determine the extent of his injuries.

Iraq was formed from what were formerly three Turkish provinces.

Conference At Bogota Plans Fight On Reds

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

BOGOTA, April 22.—The proposal by the United States and three leading South American countries that nations of the western hemisphere unite to "impede and uproot" communism aroused vigorous discussion in Bogota today.

The proposal was submitted jointly to the inter-American conference by the United States, Brazil, Chile and Peru.

Members of the U. S. delegation are said to feel that the conference—disrupted by Colombia's recent leftist revolt—will approve the resolution unanimously.

But other sources believe that, while the conference will adopt an anti-Communist declaration, it may be a modified version. The resolution asked the American nations to unite in "vehement condemnation" of all forms of totalitarianism—with emphasis on "international communism, which violently destroys civil rights and liberties and replaces them with tyranny."

It also advocates social and economic policies designed to raise living standards, which are admittedly very low in some Latin American countries.

Passover Starts Friday Sundown

Local Jews To Participate In Holy Days Of Festival At Local Synagogues

Passover, or Pesach, begins at sundown, Friday evening, April 23, and for Reform Jews concludes at sundown, April 30. Orthodox Jews observe eight days, with the first two and the last two as holy convocations.

The festival opens with a Seder, or Passover meal, and the history of the Holy Day is dwelt upon in detailed fashion by the head of the household. For the period of the festival, unleavened bread, or matzo, is eaten. The date, according to the Jewish calendar, is Nisan 15th. This Holyday commemorates the first successful blow struck against slavery and persecution.

The faith of the Jew in human dignity and individual freedom, is reaffirmed in the service, or Haggadah, of the Seder meal. The history of the Exodus from Egyptian bondage, under the leadership of Moses, is retold, and the spirit to defy all oppression and persecution is kindled in the hearts of all.

American democracy is based upon these ideals, and the Pilgrim Fathers built well when they embodied in our Bill of Rights, the basic Jewish conception "to proclaim liberty throughout the land unto all the inhabitants thereof."

Local services for Passover at Temple Israel will be conducted by Dr. Iwan J. Gruen, Friday evening, with vesper services starting at 8 o'clock.

Saturday morning Passover services are at 10:30 o'clock. At Tifereth Israel synagogue, Canton Solly Sittig will officiate. Friday evening at 7:30 o'clock, Passover services start.

On Saturday morning, services are from 8 o'clock to 10:30 o'clock, and Saturday evening at 7:30 o'clock. Sunday services will be from 8 a. m. to 10:30 a. m.

Jefferson Davis, president of the Confederacy, was born in Kentucky, but when he was an infant the family moved to Mississippi and became cotton planters. Davis returned to Kentucky for four years' schooling before entering West Point.

Electric Eye May Aid In Battle On Colds, Influenza

CHICAGO, April 22.—(INS)—Science has enlisted the electric eye as the newest tool in the battle to wipe out the common cold, hay fever and influenza.

The electric eye—a photoelectric counter—is used to detect and count airborne germs.

Prof. Ronald M. Ferry, Leo E. Farr, Jr., and Mary G. Hartman of Harvard medical school described the new technique today at the national meeting of the American Chemical society being attended by some 10,000 of the nation's top chemists.

They explained that the infectiousness of airborne bacteria can be determined in the laboratory only if the air breathed by experimental animals contains a known amount of bacteria.

They added that the new method enables scientists to learn about the penetration of respiratory tract by small particles such as pollen grains that cause hay fever.

They predicted that use of the electric eye would increase man's knowledge of respiratory diseases and aid in the fight to wipe them out.

BABY TALK TO CHILDREN

"My wife has what I consider a bad habit. She talks 'baby talk' to our little two-year-old daughter, imitating the child's pronunciations. Do you agree with me that she makes a mistake in not trying to teach her correct pronunciations? She thinks it's cute."

Answer: It is cute to hear a tiny child twist her tongue trying to express herself. But you are right and your wife is wrong. Children should not be encouraged to persist

in mispronouncing words, no matter how "cute" the effect is.

From the time the child utters its first "da-da", the parents should use proper pronunciations. How else is a child to learn? Some children enter school using baby talk and immediately provoke the ridicule of their classmates, thereby laying the foundation for a life time of inferiority complexes.

If a child does not overcome this habit, despite parental guidance, by the time it goes to school, a doctor should be consulted. There is, then, strong evidence of speech imperfection which should be treated at an early age.

Not only a proper pronunciation but a good vocabulary should be used before children, so that they will learn to express themselves without limitation. I have two intellectual friends whose 7-year-old

daughter astounded her doctor by telling him that her "dolly is recalcitrant". No, she is not a genius. She merely picked up one of her parents' expressions. Always, before your children, use your best vocabulary. Give them an opportunity to learn the easy way.

Question: Just what is a "first bridesmaid"?

Answer: She is really the maid-of-honor, except that she is dressed like the bridesmaids and she does not walk alone but with another bridesmaid.

Psychologist To Be Heard Friday

Dr. J. L. Rosenstein Of Chicago
Last Speaker On Executives
Club Program

DR. J. L. ROSENSTEIN

How to solve personal and career problems will be stressed by Dr. J. L. Rosenstein, noted psychologist, when he addresses members of the New Castle Executives Club in The Castleton, at a dinner meeting Friday evening at 8:30 o'clock. This will be the last meeting of the season for the club.

Because of his training and clinical background, Dr. Rosenstein will be able to inform the audience of the intimate personal problems of employees and employers. Dr. Rosenstein is chief of staff of the Career Planning Council of America and is associate professor of psychology at Loyola University, Chicago. He was formerly identified with Northwest and Butler Universities, and Herman Young Foundation.

'Underground' War On Small Scale In Northern Italy

MILAN, April 22.—(INS)—Milan officials said today that a small scale "underground war" is being waged in northern Italy between police and a well-organized band of left-wing Partisans.

The group is believed responsible for last night's unsuccessful raid on the arms dump at San Rocco Al Porto, near Milan, and other attacks on arsenals.

Police reported the arrest of eleven members, after a gun battle which forced the raiders to withdraw. A police sergeant was wounded.

An offer of one million lire has been posted for information leading to the arrest of the organization's leaders.

Publicity Withheld
The police have withheld publicity on several of the raids, particularly when arrests were made. In this way they hope to smoke out the group's chieftains. One official said the Partisans may be led by a non-Italian.

Meanwhile, heavy guard details have been stationed at arms dumps in the area, and special precautions are being taken at night. In Milan itself, there have been no overt Communist demonstrations in connection with the left-wing defeat at the polls.

The area is a Communist stronghold, and officials had expected left-wing factions to stir up disturbances. But thus far Communist demonstrations have been few and unimportant.

Aside from the arrests made after the arsenal raid—which took place outside of Milan—only a handful of Communists have been taken into custody.

Texas Burglars Are Very Polite

DALLAS, Tex.—(INS)—A couple of Texas housebreakers have indicated by their actions that burglars can be considerate.

In Dallas, a burglar charged less for his services but was "helpful" anyway. After breaking into the home of Roy Hannah, away on a trip, he brought all the accumulated mail in from the front porch and stacked it on a living room table.

Locked Himself Out
In Houston, Aaron R. Wooten inadvertently locked himself out of his own home when he left the key stuck in the inside of the door lock, and then pulled the spring-locked door shut behind him.

A burglar, who arrived after Wooten's departure, obligingly shoved a piece of paper underneath the door, and used his particular skill in punching the key from the lock. They key fell into the paper, which the burglar withdrew, using the key to open the lock.

This "favor" cost Wooten \$175 in cash, a table radio, and a fountain pen.

Cumberland Building Destroyed By Fire

CUMBERLAND, Md., April 22.—(INS)—A four-alarm fire early today destroyed the Allegheny County office building in downtown Cumberland, causing damage estimated at several hundred thousand dollars.

The fire started on the second floor and spread throughout the structure before it was discovered by a night watchman. Records from some of the offices were saved.

The building, used as a school for many years, housed the offices of the state's attorney, municipal court, rent control, veterans administration, and several municipal and state departments.

Thirty-seven years before the Pilgrims landed at Plymouth Rock, a white man named Antonio Espejo found silver ore in what is now Arizona, marking the first mineral discovery in the territory.

Engineers Invest Six Billions In Future Of Country

Largest Single Investment To Be
Spent In Three Years In
46 Of 48 States

NEW YORK — (INS) — Management of the nation's business-managed power industry is highly optimistic concerning the future prosperity of the United States.

Leaders of the industry feel so strongly about the growth of industrial development that they are "betting" six billion dollars between now and 1951 on their judgment.

This huge sum—probably the largest single investment ever made by one industry in a similar period—will be spent in varying amounts in 46 of the 48 states for new power plants, transmission lines, sub-stations, distribution lines and the myriad of things that go into the job of bringing power into the factory, home and barn.

Nebraska, Tennessee Excepted
The two excepted states are Nebraska and Tennessee, where public power dominates.

Emphasis is given to the magnitude of this program when it is realized that the 13 billion dollar power business—comprising about 10 per cent of America's industrial capitalization—already has under way 12 per cent of the 50 billion dollars in new construction which President Truman has asked all industry to build in the next few years.

A survey by Edison Electric Institute, trade association of the power industry, shows that the six billion dollar figure for the building program is one billion dollars higher than early 1947 estimates. Industrial production, instead of leveling off, continued to surge forward, with the result that kilowatt hours consumed was the greatest in history—305 billion in 1947, 35 billion above 1944, the previous high year, and 13 per cent higher than in 1946.

Facilities Overlook Growth
Pointing out that while the rate of delivery of new power generating facilities finally overtook and then outdistanced the rate of industrial growth during the latter part of 1947, Charles E. Oakes, president of E. E. I., feels that the industry will have to push its construction program to the limit to wind up 1948 with a "safe margin of reserve over and above industrial, rural and residential demands."

Oakes forecasts a "lead" growth of 7.2 per cent for the country as a whole this year, and adds that some areas are estimating double this percentage.

While not expecting to top last year's record of more than two million customers added to power lines, Oakes said that growth in population, new homes and industrial and commercial establishments will account for a substantial rise in new connections this year.

Barnacles can add about 30 tons to the weight of a 10,000-ton ship in a year's time.

Will Still Be Hard To Get New Cars

WASHINGTON, April 22.—(INS)—The Commerce Department said today that new cars will be hard to get for some time to come and that there is still surplus demand for refrigerators, but that there are now nearly enough vacuum cleaners to go around.

Record production of vacuums in both 1946 and 1947 has "nearly met" the demand, the department's monthly business bulletin said. It added that backlog demand for refrigerators is "considerably greater."

As for automobiles, the department found that thousands of jalopies which should have been traded in years ago are still on the highways, and that demands for new cars "has been reduced little, if any."

The New York City police force has about 17,000 members.

Check Handed Over For \$201,220,666 To Treasurer Of Ohio

NEW YORK, April 22.—(INS)—The National City Bank of New York on Wednesday handed over a check for \$201,220,666.67 to Don H. Ebricht, treasurer of the state of Ohio.

The check represented proceeds of the 200 million dollars in state of Ohio bonus bonds recently distributed by a nationwide banking syndicate. The funds will be applied to the payment of a bonus to Ohio veterans of World War Two.

The money over the specified figure represented the premium price at which the issue was sold. W. Randolph Burgess, chairman of the executive committee of the National City Bank, presided at the ceremony which was attended by prominent Ohio state officials.

They included Gov. Thomas J. Herbert, Secretary of State Edward J. Hummel, and Auditor Joseph T. Ferguson. This sale of bonds marked the first time the state of Ohio has borrowed through the issuance of general obligation bonds since 1922, when an issue of 25 million dollars was sold to finance a bonus to Ohio veterans of World War One.

The banking syndicate of the present 200 million dollar issue was headed by the National City Bank of New York, Bankers Trust Co., Chase National Bank, and Halsey, Stuart & Co., Inc.

Farm Prices To Continue High

STATE COLLEGE, Pa., April 22.—(INS)—Continued high farm prices for another nine months or a year were forecast today at Pennsylvania State College by Dr. George E. Brandow, professor of agriculture economics. Addressing the annual meeting of extension marketing specialists from 12 northeastern states and the District of Columbia at State College, Brandow emphasized that "economic forces now developing will determine the course of farm prices in the next few years."

Plastic Companies Under Indictments For Price Fixing

PHILADELPHIA, April 22.—(INS)—Fifteen indictments charging a 10-year-old price fixing conspiracy in the \$60,000,000-a-year plastics industry were entered by a federal grand jury.

Named in the indictments were these seven corporations: Continental-Diamond Fibre Co., Wilmington, Del.; Pomica Insulation Co., Cincinnati; Mica Insulation Co., Schenectady; National Vulcanized Fibre Co., Wilmington; St. Regis Paper Co., New York City; Synthene Corp., Oaks, Pa.; Taylor Fibre Co., Norristown, Pa.

Individuals named in the indictments are officers of the corporations cited. In addition, John M. Byrne, of Cincinnati, who operates a trade service known as the Byrne Organization, was indicted. The indictments accuse the defendants of engaging in a "continuing conspiracy" since 1938 to fix prices, terms and conditions of sale for laminated plastic materials.

IVY A NUISANCE IN MANY ORCHARDS

"Little lambs e'd ivy," according to the once-popular jingle, but in many Lawrence County fruit orchards, where there are very few lambs, the ivy it seems is much more a problem than a joke.

The poison ivy nuisance is greatest in apple orchards where sod covers have not been disturbed for several years. The growth spreads rapidly on the ground, and can soon extend over the trees.

Ivy can be controlled. The roots are rather shallow and pull out easily, especially in early spring when the ground is soft and loose. A harrow would take out many of them. Once the ivy is in leaf, spray with ammonium sulphamate.

Do not use 2,4-D in or near orchards. This poison, while effective against ivy, also readily injured fruit trees, as has happened in some known instances. Although the spray is directed on the ivy, fumes from the 2,4-D waft up into the trees, and wherever they strike cause defoliation.

TIMBER HIGH
 PINEVILLE, Ore.—The Ochoco Lumber Co. has bought the largest block of timber ever sold in the Ochoco national forest. The company submitted a high bid of \$1,142,475 for 87,000,000 feet of ponderosa pine, 4,500,000 feet of Douglas fir, 700,000 feet of white fir and an unestimated amount of dead timber.

CLEAN WALL
 If you are planning on doing some wall painting next spring, be sure your walls are clean before you begin or the paint may chip and streak.

Ellwood C. Of C. Enjoys Annual Dinner Event

Col. Majors Makes Principal Address
Lions Get Award

ELLWOOD CITY, April 22. — With the Elks' Club dining room filled to capacity, the 23rd annual dinner of the Ellwood City Chamber of Commerce was held Wednesday night.

"Col." Jack Majors, humorist from Paducah, Ky., was the principal speaker and delivered his address on "Taxes, Women, and Hogs." In his address he dwelt upon the national fiscal policy, funny money, and the necessity of cutting down our national debt if our currency is to survive.

Dr. J. K. Painter acted as toastmaster of the evening and presented the various speakers. E. H. Evans, president of the Chamber of Commerce spoke and lauded the civic co-operation in Ellwood City that has seen a number of new industries brought in, in the past two years.

Award Presented
Dr. H. E. Helling presented the Chamber's annual award for civic service to the Lions Club and for the club, Joseph Lattin responded. Music was furnished by the Brandstetter trio during the dinner and following the dinner the Pittsburgh quartet, well known "barbershop quartet" pleased with some old time harmonies.

During the program the American Window Glass Company was commended for its action in establishing a subsidiary plant in Ellwood City and the president of the company, C. R. Cranford, spoke. "The dinner was probably the finest the Chamber has ever had," said Secretary R. J. Schill. "It was a fine demonstration of the oneness of mind of Ellwood City people where the good of their community is concerned."

D.U.V. Thanked For Machines At Deshon Hospital

In a letter received by Mrs. Richard Linton, 522 West Washington street, from F. X. Keating, chief of special services at Deshon Veterans' Hospital at Butler, the members of the local Unit Veterans were thanked for their part in providing equipment for the benefit of veterans confined to the hospital.

The latest equipment provided by the women were three read-and-rest machines, which have arrived at the hospital and are already in use. The local women have provided hundreds of dollars worth of equipment for the men in the hospital.

Two million students were enrolled in evening and adult classes operated in 1946 as part of the U. S. public school system.

TRINITY GUILD PLANS RECEPTION

Regular monthly meeting of Trinity Junior guild took place in the guild room of Trinity Episcopal church Wednesday evening at 8 o'clock.

During business, with Mrs. Joseph W. Pearson presiding, plans were completed for the guild's participation in the reception planned for May 19 in conjunction with the centennial.

State of officers presented was as follows: president, Miss Margaret McCracken; vice president, Mrs. Thomas Dugan; secretary, Miss Shirley Gennock; treasurer, Mrs. George G. Weinschenk.

Speaker was Mrs. C. F. Tilton, who gave a most entertaining review of "The Bishop's Mantle" which received appreciative applause from the group.

Refreshments were served from a prettily appointed table with Mrs. Walter A. Kieker and Mrs. Wayne Porter pouring.

Anita Sewell Class
Members of the Anita Sewell Bible class of the First United Brethren church, motored to Ellwood City, Tuesday evening for their regular meeting held at the home of Miss Eva Pander.

The meeting was in charge of Walter Cruthers, with Rev. T. J. Yoder offering the opening prayer. Following a short business meeting, group singing was enjoyed with Mrs. Sally Putnam at the piano. Beautiful colored slides were shown by the class teacher, Rev. T. J. Yoder.

Lunch was served by the hostess, Miss Pander. The next meeting will take place on May 18, at the home of Miss Dolly Copper, R.D. 6.

Class Luncheon At Church
King's Daughters Bible class of the First Methodist church met in the First Methodist church for a luncheon and business meeting Wednesday afternoon at 12:30 o'clock with officers of the class in charge.

During business with Mrs. Ira Fulkerson presiding, committees were appointed and Mrs. T. A. Myers was elected assistant secretary and treasurer.

Mrs. Myers and Mrs. W. R. Wallace were in charge of devotionals and a Bible quiz was conducted by Mrs. Wallace.

The class adjourned to meet May 19 at the church.

Auxiliary Members At Circuit Meeting

Representatives of Local G.I.A. To B.L.E. Attend Union Circuit Meeting in Pittsburgh

On Wednesday the following representatives of the local Grand International Auxiliary to the Brotherhood of Locomotive Engineers attended a circuit meeting gathered in the O.I.A. Temple, North Side, Pittsburgh: Mrs. C. D. Wharton, Mrs. John Ridley, Mrs. S. D. Cox, Mrs. William Curran, Mrs. H. A. Light, Mrs. Carl Jewell, Mrs. Victor Beahn, Mrs. Vernon Long, Mrs. Donald Warnock, Mrs. Charles Pitzer, Mrs. Robert Peterson, Mrs. Edward Beahn, Mrs. C. A. Probst.

There was a large attendance at the occasion. The opening session was at 10:30 a. m. At noon a delicious chicken dinner was served at Boggs and Buhl dining room. Following the dinner the members reassembled, ritual work was continued, and further business was transacted.

Officers for the day were chosen from visiting auxiliaries, present from Pittsburgh district, Beaver Falls, Connelville, this city, Canton and Wellsville, O.

Mrs. William Curran and Mrs. Ed. Beahn won the drill prize and door prizes respectively. Next union meeting will be in Pittsburgh in October.

Among words most frequently cited as being the longest in the English language are "honorificabilitudinitatibus," which is found in Shakespeare's "Love's Labor Lost"; "incircumscriptibleness," credited to the Puritan divine Byfield; "antidisestablishmentarianism," to Doctor Benson; and "disestablishmentarianism," to William E. Gladstone.

'TERROR BIRD' STILL TERRIFYING

AFTER SOME TWENTY MILLION YEARS, the Mesembriornis remains a fearsome spectacle. As shown above, a life-sized model of the "giant terror bird" manages to terrify Helen Meyer, an attaché of the Chicago Museum of Natural History, as she got her first look at the monster when it was placed on exhibition. Eons and eons ago it spread death and destruction wherever it appeared. It has a huge curved beak, like a battleship prow, and enormous claws like a steam shovel. (International Soundphoto)

Lieut. D. J. Howard Funeral Saturday

Body Of P-51 Fighter Pilot, Killed March 26, 1945, Arrives Here Today

Funeral services for Second Lt. Donald J. Howard, 123 East Garfield avenue, will be conducted Saturday afternoon at 2 o'clock from the Fred C. Wolford funeral home, 215 East North street, with Rev. J. Calvin Rose, pastor of Second U. P. church, and Rev. Ralph E. Tidmarsh, of Sharon, officiating. Interment will take place in Grace-land cemetery.

Second Lt. Howard, a P-51 fighter pilot, was killed March 26, 1945, on Iwo Jima. He entered the service November 5, 1942, and went overseas to the Pacific area in August, 1944. He served in the 72nd fighter squadron, 21st fighter group of the Seventh Air Force. Second Lt. Howard received his commission as second lieutenant

March 12, 1944, at Foster Field, Victoria, Tex.

Born August 26, 1923, in New Castle, he was a son of A. W. and Ruth S. Howard. The deceased was a member of Second U. P. church, Junior I. O. O. F. lodge and the Builders. He graduated from New Castle high school in the class of 1940.

Survivors include his father A. W. Howard, Mineral Ridge, O.; his mother, Mrs. Ruth S. Howard, Sharon; one brother, James Howard, Sharon, and his grandmother, Mrs. Mayme Riddle, Sharon. He was a son-in-law of Mr. and Mrs. Henry Lee Marvin, of this city. Friends will be received at the Fred C. Wolford funeral home Friday from 2 to 4 o'clock in the afternoon and from 7 to 9 o'clock in the evening.

DWELLING RAZED
At 471 East Washington street, the dwelling has finally been razed, the cellar filled up, and ground leveled off with a layer of ashes. A small frame building has been erected toward the rear of the lot.

MAGIDOFF REACHES U. S.
NEW YORK, April 22.—(INS)—Robert Magidoff, American correspondent who was ousted from Russia on what he declares were trumped-up espionage charges, arrived at LaGuardia Field today. "The fact that I am here is the best proof the Russians had nothing on me," he said.

Magidoff, who was Moscow correspondent for NBC and the McGraw-Hill Publishing Co., was ordered out of the Soviet Union after a letter by his former secretary, Helen Nelson, charged him with being a spy. The letter was printed in Izvestia.

GRASS FIRE
Second ward firemen were called to the corner of North Mercer and Sheridan avenue, at the noon hour, where a grass fire was found on the vacant lot at that corner.

Portorio Diaz was President of Mexico from 1878 to 1911.

Capacity Audience Sees Dramatization At First Methodist

More than 1,100 people assembled in First Methodist church, North Jefferson street, Wednesday evening to witness the unusual presentation of "Ten Nights in a Bar Room" aptly dramatized by Evangelist Alfred Payea of Rochester, N. Y. Evangelist Payea gave his version of the drama, and with the aid of costumes and lights dramatized the main events of the famous play.

Aiding in the program were members of the New Castle Ministerial association, committee of evangelism, which body sponsored the production. Rev. O. W. Hurst led the meeting and directed the congregational singing. At the organ was Edwin Lewis, with Mrs. Ann Gettings presiding at the piano.

Rev. D. L. Ferguson offered the invocation and read the Scripture lesson. Announcements were made and the offering lifted by Rev. F. P. Sulmonetti, with Rev. James A. Galser pronouncing the benediction.

Plan Conference On Bus Service Projects In City

Within the near future the mayor and council will confer with President Samuel Friedman of the local bus company relative to extending bus service to Sampson street. According to reports the matter of a place deemed proper for the turning of the buses is holding up the extension.

It is also anticipated that at the conference there will be discussed the petition of South Siders for operation of a bus between South Mill and East Washington street, with service for Ben Franklin school students.

It is also understood there is a movement under way whereby residents of South New Castle borough will ask for bus service.

Clyde Branscome Badly Injured

Clyde W. Branscome, of the Conn Welding Company, was critically injured while at work at Mooney Brothers plant on Mahoning avenue at 10:10 o'clock this morning, and was removed to the Jameson Memorial hospital for treatment.

Mr. Branscome was engaged in doing some welding work for Mooney Brothers, and in moving some materials was caught between two trucks being badly squeezed around the pelvic region. He suffered a possible fracture of the pelvis and possible internal injuries, it was stated.

An operation was to be performed early this afternoon to relieve his condition it was stated.

Arabs For Truce Under Conditions

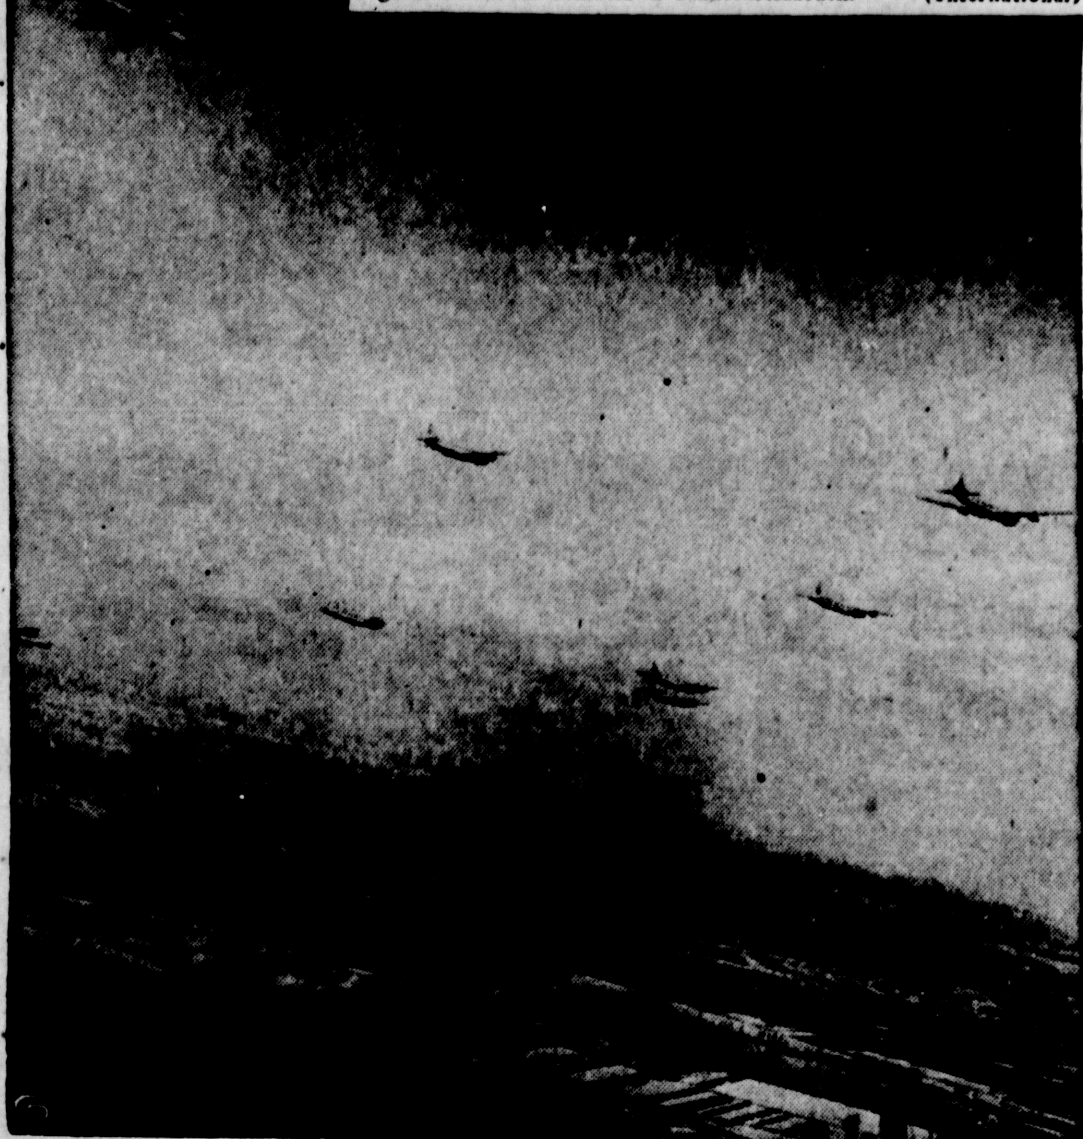

CAIRO, April 22.—(INS)—Abdul Rahman Azzam Pasha, secretary general of the Arab league, said today that Arabs will accept a truce in Palestine if Jewish immigration is halted.

He called for United Nations action to "protect the shores of Palestine."

About 10 per cent of the U. S. population was more than 60 years old in 1940.

Makes Complaint To Council About Noise At Crossing

Jordan Bailey of North Liberty street complained to Council of the ringing of engine bells on the Pennsylvania railroad at the Mahoning avenue crossing. He said the near-constant ringing was a nuisance, especially at night, and that it was impossible to obtain sleep. Mr. Bailey requested Council to take some action to prohibit the practice.

In addition, he said that when the crossing is blocked, automobile horns sound, adding to what he termed the nuisance.

He reported that last Saturday 1,125 automobiles were stopped in eight hours at the crossing, and said that last night 245 motor car horns blew between 11:30 p. m. and 12:45 a. m.

Council promised Mr. Bailey to take the matter up with the railroad company.

PRIVATE LICENSES GRANTED PILOTS

Lawrence J. Rotunno, 23 Boro Line street, and Joseph A. Elko of 10 Balph street have been granted private pilots' licenses at the New Castle airport through the Penn Aero Service.

Flying at the airport has picked up with the advent of good flying weather and it is anticipated that the local airport will receive the best patronage this summer that has been received in recent years.

ISSUE NEW STAMPS IN MAY

Slippery Rock Congregation To Raise \$85,000

SLIPPERY ROCK, April 22.—Members of the financial committee of the Slippery Rock Presbyterian church today announced plans for an \$85,000 campaign to rebuild the edifice which was destroyed by fire last January 17.

Campaign will begin May 1, and last until May 1, 1949. According to engineers who have viewed the church, it would cost \$105,000 to rebuild the church as it was before the blaze. Total cost of the building originally was \$85,000. It took 20 years to pay off the debt.

Contributions have already been received from various members of

the congregation and outside sources, the committee said. Total received to date is \$1,593.88.

At a meeting Tuesday, solicitors heard short addresses by Dr. Dale W. Houk, George Klester, congregational president, and Dr. Glenn Lotz, on methods of solicitation.

The density of air at sea level is about one eight-hundredth that of water.

TO THE REPUBLICAN VOTERS:

The common ordinary man, the man you meet and talk to on the street, the man who is worried and perplexed about how things are going, ought to be more interested in who is going to the Legislature to make the Laws, than in any other public officer, for whom he votes. But the Legislator is the one public officer in whose selection the average citizen takes very little interest.

If you, the voters, are tired and disgusted about taxes, regulations of your lives and the conditions of your community generally, you go directly to the Sheriff, to the Mayor, to the Collectors of Taxes, or to some other officer whom you have helped elect and ask for relief; but he cannot help you, because the Legislators, whom you let some other people select for you, have passed laws which tie the hands of all administrative officers.

I have served the people of New Castle in a number of administrative offices, and I have come to realize how often the Legislature has passed Laws, which take away from the people rights, which they ought to enjoy and how these same Legislators impose upon the people unfair and unjust laws, which their elected officers at home must obey and enforce.

I decided this year to ask the voters, who have reposed confidence in me so many times, to send me to the next Legislature, that I might there fight for just and sensible laws and against those which are burdensome and unfair—many of them passed to give special privileges to the people who are always interested and influential in choosing Legislators.

I was for seven years alderman in the First Ward, and as such, I never made a decision which was reversed by the Courts. I served two years as a City Councilman and two terms of four years each as your Mayor. All of you are familiar with my record in those offices, and know that I was always positively and energetically battling for better and happier conditions of life for all the people of this City.

If all the people, who have reposed confidence in me in the past, will get out to vote and nominate me as the Republican Candidate for the Legislature next Tuesday, I will be elected and will go to Harrisburg, able and willing to support measures in your interest and to fight openly and determinedly against Laws which are not for your happiness and in your interest.

I respectfully solicit your help and will appreciate it.

Roasting a Turkey shows why BOSCU is Richer Coffee!

As every housewife knows, a large turkey must be roasted longer than a small one to bring it to the peak of flavor. This simple fact is the secret of new, richer Boscul Coffee's finer flavor!

1. Because all coffee beans are not the same size...

Coffee is blended from beans of various sizes. Other leading brands roast all size beans together. Result: Some over-roasted, some under-done.

2. Boscul 'custom-roasts' each size bean separately!

Of all leading coffees, only Boscul "custom-roasts" each size bean separately, before blending...to bring out their maximum flavor and richness.

3. Boscul is roast-controlled by the electric eye!

More Flavor per cup
More Cups per pound

As a further flavor safeguard, Boscul uses the Electric Eye to eliminate guesswork and assure that each size bean is roasted to the peak of flavor.

Would Put Teeth In State Motor Code

By SUZANNE FLICK
(U. S. Staff Correspondent)
HARRISBURG, April 22.—A legislative program that would put teeth in the state's motor vehicle code and clamp down on reckless drivers is being drafted by the Pennsylvania Police Chiefs Association.

The organization has aimed its program primarily at beginning drivers, youthful "show offs" and older, infirm or incapacitated motorists who constitute a menace on the roads.

Proposals Made
It proposes (1) re-examination of drivers every five years (2) compulsory driving training courses with credits in public school (3) provisions for taking juvenile drivers, between 16 and 18 years, before minor judiciary for law violations and (4) extension to local police the authority to arrest on sight violators of the state motor code.

Capt. Benjamin Siegle, director, said the program, outlined by a special committee under Police Chief John G. Good, of Williamsport, will be presented to the General Assembly during the 1949 session.

Compulsory driving instruction was considered the key to the reckless driving problem, Siegle asserted.

"We feel so strongly about this," he asserted. "We believe that by properly indoctrinating youngsters in safe driving now we can save their lives later."

Periodical Re-Examination
In addition to the safety provisions, the association will attempt to eliminate nuisance requirements of the law such as the requirement for a "meter parking only" sign in order to enforce street rental parking, according to Siegle.

"The requirement generally is not observed and the public is not aware of it," he pointed out.

One of the best methods of forcing courteous driving would be to extend to local police the power now enjoyed solely by state police of nabbing speeders and other violators on sight, he asserted. Local "cops" now may only present a summons to appear in traffic court.

"We feel too that we could curb some of the reckless driving of juveniles if we were able to take them before a member of the minor judiciary for motor vehicle code violations," Siegle said. "We can't prosecute them now except in a juvenile court and as a result they are practically untouched."

HELMETS COME
ST. JOSEPH, Mo.—While lightning may or may not hit the same place twice, firemen's helmets do, says F. X. Schott. Schott operates a furniture store. Twice in three days, as fire trucks spun around the corner, helmets spun through the air and landed at Schott's front door.

'Date With Judy' Is Three-Act
Comedy At Union High
Friday At 8 P. M.

Pauline Curtis Noel Henning

Two of the principal characters in the cast of "A Date With Judy," by Allen Leslie, the Union High senior play to be presented Friday evening at 8 o'clock, are Pauline Curtis, who portrays the popular and unpredictable Judy, and Noel Henning, who is her boyfriend—the faithful Oogie Pringle.

Miss Curtis, daughter of Mrs. Mary Curtis, Wallace avenue, and David Curtis, is a member of the U-Hi news staff, Utopian staff and Girl's Ensemble. She also took parts in the following plays: "Seventeen," "The House Without a Key," "Bachelor's Wife," and in addition is a popular member of the school chorus.

Noel Henning, son of Mr. and Mrs. John Henning, R. D. 2, is a member of the Union High school band, chorus, Hi-Y, and is on the school track team.

Applications For Pardons Rated As Premature

HARRISBURG, April 22.—(INS)—The state pardons board advised the parents of three slayers it considered premature the applications of their sons for commutation of life sentences.

The men, prisoners in Western penitentiary, are William A. Johannes, of Youngstown, O., and Lewis T. Osborn and Charles W. Brown, both of Sharon.

The slayers were sentenced to life July 15, 1942 after pleading guilty to first degree murder in the fatal shooting of James M. Supplee during an attempted hold-up at Sharpville March 22, 1942.

Mr. and Mrs. Fred Brown Sr., Mrs. William E. Johannes and Mrs. Mary Osborn presented the pleas for their sons.

Secretary of Internal Affairs William S. Livengood Jr., a member of the four-man board, told the parents the applications were premature and said the men were "extremely lucky they didn't go to the electric chair."

A fourth man involved in the shooting, Floyd S. Stainbrook, of Sharon, did not seek a commutation of sentence.

Yearly Cancer Check Urged

PHILADELPHIA, April 22.—(INS)—A yearly cancer check was advised today as a "front line defense" against the dread disease.

Dr. Catharine MacFarland told the Philadelphia County Medical Society's 12th annual post-graduate institute that too many persons permit cancer to reach a stage where it had progressed beyond the possibility of permanent cure. "If every general practitioner will take the trouble to make a complete physical examination of each of his patients at least once a year," she said, "many cancers will be discovered in the pre-symptomatic stage."

Lost Love Will Produce Ulcers

PHILADELPHIA, April 22.—(INS)—If you've got peptic ulcers, chances are you're a victim of lost love.

At least, that's the theory advanced today by Dr. William L. Peltz, of the University of Pennsylvania hospital.

The peptic ulcer, according to Dr. Peltz, is often "mated" to frustration of the "wish to be loved, to be happy."

Dr. Peltz also declared at the Philadelphia county medical society's 12th annual post-graduate institute that overeating likewise can be linked to a desire for love.

Federated Women To Meet May 3-5

HARRISBURG, April 22.—(INS)—Approximately 1500 delegates are expected today to attend the 51st annual convention of the Pennsylvania Federation of Women's clubs May 3-5 in Harrisburg.

Mrs. Samuel J. McCartney, of Narberth, has been appointed convention chairman. Mrs. Edward R.

S. Tull Jr., Drexel Hill, will be in charge of the program.

The speakers list included Judge Dorothy Kenyon, U. S. delegate to the commission on status of women of the United Nations and Dr. Rex Stower Clements, minister of Bryn Mawr Presbyterian church.

Scientist Picture Is Not Pretty One

PHILADELPHIA, April 22.—(INS)—One of the nation's top scientists—Dr. Gordon Volkenant, of Minneapolis—said today that Philadelphia would be a "ghost town for a million years" if an atom bomb ever was dropped on the Quaker City.

Dr. Volkenant told the Poor

Richard Club the radioactive dust from one A-bomb would make factories, office buildings and homes left standing uninhabitable.

The Minneapolis scientist also said the air force's new XB-50 bombers, capable of flying non-stop around the world with 600 fully equipped troops, tanks, artillery, ammunition, and three "parasite" jet fighters, are already obsolete.

Republicans-Dems United In Reading Convention Hall

To Accommodate Overflow Crowd
By Television Sets In Nearby
Exposition Hall

PHILADELPHIA, April 22. — (INS)—Workmen are racing against time to have Philadelphia's mammoth Convention Hall in readiness for the Republican and Democratic National Conventions which convene there in June and July.

The huge hall is undergoing a face-lifting which is costing the city more than a half-million dollars. Public Works Director Thomas Buckley is confident that the work will be completed in time for the GOP meeting June 21, "but not much before that."

The GOP party-goers, who were there in 1940 for the nomination of Wendell Willkie, and the Democrats who nominated the late President Roosevelt for the second time there in 1936, will return this year to see the great emporium glistening in all its Roman architectural splendor.

Roof Completely Overhauled
The 85-foot-high arched roof, is being completely overhauled, as are the boiler system, plumbing, and elevators.

While workmen are renovating the hall itself, radio and television mechanics are building platforms and control booths for the tremendous news coverage job which will come with the conventions.

The two parties are working together on one point, at least. They're sharing the expenses for the radio and television work, which will run about three hundred thousand dollars.

In addition, the American Telephone and Telegraph Co., is laying miles and miles of wires for the rapid transmission of news, installing new telephone switchboards and overhauling the present communication lines.

Improving the Acoustics
The city is also improving the acoustics by coating some "dull spots" in the hall with a fibre material to reduce counter vibrations from amplifiers around the hall.

Television will go a long way this year in easing the ticket shortage. Next door, in Exposition Hall of the Commercial Museum, some 18,000 people will be accommodated. The television manufacturers have installed sets in the hall to take care of the overflow crowds.

Nothing to date has been done, however, on air conditioning. But the hall's ventilating system will ease the "hot air" problem somewhat by providing for an air change every 12 minutes.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Donald Swadner Radio Operator

SCOTT AIR FORCE BASE ILLINOIS, April 21.—Private First Class Donald E. Swadner was recently graduated from the Air Force Communications School at Scott Air Force Base, Belleville, Illinois. It was announced today by the base commander, Brigadier General Emil C. Kiel.

Graduated as an air force radio operator, Pfc. Swadner is now qualified to send and receive messages by code and voice thereby taking his position in the world wide air force communication system.

Pfc. Swadner, 18, son of Mr. and Mrs. George I. Swadner, 704 Cleveland avenue, New Castle, Pennsylvania, attended Benjamin Franklin Junior High school in New Castle, and was later employed by the Richman Brothers Clothing company. He enlisted in the Air Force on May 19, 1947.

Prior to entering the Scott Air Force Base Communications School, Swadner was stationed at Lackland Air Force Base, San Antonio, Texas.

The Boston terrier, one of the few native American-bred dogs was developed by crossing the English bulldog and the white English terrier.

Judge McBride To Speak This Evening

Will Address A.A.U.W. At Westminster College Meeting; Senior Women Guests

NEW WILMINGTON, April 22.—Senior women of Westminster college will be guests of the local chapter of the American Association of University Women this evening at Ferguson hall.

Judge Lois McBride of Pittsburgh will address the group on the subject "The Legal Status of Women Today."

The committee in charge is composed of Miss Martha Barnhill, Miss Ada Peabody, Miss Helen M. Dunn, Miss Margaret White, Dr. Mildred Rogers and Dr. Elizabeth McLaughlin.

The social committee is composed of Mrs. E. B. Russell, chairman; Dr. Blanche Carrier, Mrs. W. L. Cosel, Mrs. Gilbert T. Taylor, Mrs. Willard Sarver, Mrs. Stewart Jones, Mrs. Garfield Davis and Mrs. George Myers.

Members of the Kiwanis club have completed a canvass of the boro for cancer drive funds. A report will be submitted at Monday night's meeting at the Methodist church.

Young people of the U. P. church enjoyed a swimming party Tuesday evening in the Westminster college pool. A lunch was served at the church afterward.

Harold Burry of the college physical education staff, arranged the event.

LIFEBOAT READY
Police department's lifeboat is ready for use. Brackets have been placed on police cars to which the lifeboat, on a carrier, can be hauled to any accident scene.

One of three cancer deaths might have been prevented if the disease had been diagnosed in time and properly treated.

Zion Church Will Hear Rev. Hurst

Zion Baptist church in Worth township, Butler county, Rev. Carl A. Jones pastor, announces a week of special evangelistic meetings for April 26 to 30 inclusive, with Rev. Oliver W. Hurst, pastor of the First Baptist church of this city, as the speaker for the period.

Special musical numbers will be presented each evening as well as an inspirational song service. The sermon subjects will be: Monday, "How To Pay Off The Church's Debt"; Tuesday, "The World's Greatest Trouble Maker"; Wednesday, "The House With Nobody Home"; Thursday, "Fallacies in the Bible"; and Friday, "Four Famous Fools".

Due to daylight savings time beginning in effect in many localities beginning that week, the services will begin promptly at 8:30 p. m. daylight savings time or 7:30 p. m. eastern standard time.

New Food-Saving Plan Outlined

New Government Program Presented

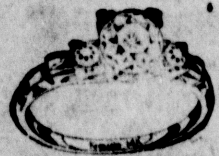

By JOHN BOOTH
WASHINGTON, April 22.—(INS)—The Agriculture Department announced today a new voluntary food-saving plan for housewives, restaurants and retail food stores. The program stresses the use of less expensive foods—especially cheaper cuts of meats—as a check on inflation and to make more food available for export. Meatless Tuesdays are rescinded, effective immediately, but consumers are asked to observe one meatless day a week of their own choice. Assistant Secretary of Agriculture Charles F. Brannan, director of the program, said he has been assured by restaurants and retail food dealers that they will help to make conservation effective. The department issued a booklet titled "Money-Saving Main Dishes" to suggest practical ways in which homemakers can cooperate in food conservation. The first edition of the booklet contains 150 recipes for such dishes as kidney stew, soy meat loaf and brown beef stew. Officials said the document is designed to help consumers save in food costs, perhaps as much as a third in the meat budget alone through economical selection and careful preparation of meat for main meals.

Rev. Snodgrass To Speak At Rich Hill

Monthly community union service of East Brook U. P. and Rich Hill Presbyterian churches will be conducted Sunday evening, April 25, at 7:30 o'clock in the Rich Hill church. Rev. Hugh G. Snodgrass, pastor of the East Brook congregation, will be the speaker. The meeting will open with a song service. Music will be furnished by a joint choir from both churches.

SANTA FE, N. M.—Walter W. Taylor, Jr., was extolling the virtues of the skunk at a dinner party and told what delicious eating it made. (The next day an advertisement appeared in the paper giving Taylor's telephone number and calling for delivery to his home of one freshly-dressed skunk. Frankish friends had inserted the notice. Taylor was kept busy at the telephone all day.

The western range lands, comprising almost 728 million acres in 17 western states, support for a part of each year almost 75 per cent of the sheep in the United States, and more than 50 per cent of the beef cattle. But not quite 100 million acres, or less than one-seventh of the western range area, are in satisfactory condition.

PROBES LISBON FIRE

LISBON, O., April 22.—(INS)—Deputy Fire Marshal Frank Timmers of Sebring today began investigating the \$500,000 fire which on

Tuesday destroyed the Hood Chemical plant in Lisbon.

Company officials urged the inquiry after they were unable to determine the origin of the blaze,

which they hinted may have been caused by a firebug.

Communists In Italy Are Told To Cease Threats

ROME, April 22.—(INS)—Premier Alcide De Gasperi told Italian Communists to cease their threats of violence today and promised major reforms which might even include collective farming.

The victorious premier for the first time outlined in full detail the program he has framed to perpetuate Christian government in the wake of Communism's resounding electoral defeat.

De Gasperi, his moderate government back by an absolute parliamentary majority for the first time, served notice of a more severe official attitude toward Communism.

He demanded that the Communist party give up its hidden stocks of arms and cease speaking of coming internal tension.

The premier's remarks were directed at Communist chieftain Palmiro Togliatti, who declared earlier that the Christian Democratic victory at the polls was due to the "triple pressure and threats of American warmongers, the church, and the capitalists".

Arrest Man On Burglary Charge

Policeman John James yesterday arrested Luther Irby, 39, formerly of Greenville, S. C., now of West Falls street. Irby is charged with entering the Beshero home, South Jefferson street, Tuesday night and taking steak and other meat. He was traced through a pair of shoes left on the porch and which he intended to pawn, according to police. He will be charged with burglary.

Aid Is Sent To Trapped Diver

NEW YORK, April 22.—(INS)—Coast guard headquarters reported today that a diver is buried under mud and some cables at the Bayonne ferry at Port Richmond, Staten Island.

The coast guard said that he was

working for the Sorenson Wrecking Co., from the steam lighter Baxter No. 1, on some telegraph cable. He was believed about 20 feet below the bottom of the river.

Coast guard, navy, and harbor police were sent to the scene to aid the trapped diver, whose name was not immediately available.

DAYLIGHT SAVINGS TIME

Remember last year when practically all of our neighboring communities and the great majority of cities in Pennsylvania observed Daylight Savings Time? Remember the confusion we had because New Castle was on Slow Time (Eastern Standard Time)? It was a great handicap to men working out of town, particularly those with families. It created a different time schedule in every home. It greatly inconvenienced commuting students.

This year we can end confusion if the greater number of our citizens VOTE "YES" for Daylight Savings time, which would start about June 1st and continue for three months.

Let's all get out and vote, and VOTE "YES" for Daylight Savings Time!

Red Cross Reminds Anglers To Use Caution In Fishing

One of the sure signs of spring is the concerted rush of American fishermen to the hall closet where they conduct a feverish search for their fishing gear. Right now the 45,000 miles of lakes, ponds, streams and rivers of the U. S. abound with the swarm of Isaac Walton.

Despite all that has been done to prevent accidents, some of the eager anglers will drown themselves, others will suffer wounds, sprains, fractures and sunburn. The Red Cross chapter of the city has some timely hints on how to avoid these misfortunes.

It takes real skill to handle canoes and boats, and the greatest danger is an upset in the heat of landing a denizen of the deep. The most important thing to remember, the Red Cross points out, is to remain calm if such an accident occurs. Remember that a canoe or boat constructed of wood cannot sink, even though it capsizes. Use it as a life preserver and propel yourself to shore. An outboard motor reduces the buoyancy and in case of emergency sometimes the best thing to do is discard the engine and return for it later. Tying an oar or a billet of wood to the equipment will mark it.

Shore Lines Tricky
Slimy rocks, moss-covered stones and soft banks have sent many anglers to their doctors with sprains and fractures. It is best to check your footing carefully. When fishing from old wooden bridges, test railings before leaning on them. If you're trying your

luck from a highway bridge don't get excited and back into traffic. Injury by hooking is always a danger. If the barb becomes imbedded seek a doctor immediately. If the hook goes through the flesh no attempt should be made to remove it. A physician can remove it more expertly and trace the wound to prevent contamination. Cuts from bait knives and fish spines also demand a doctor's attention, since the danger of infection is great.

A flashlight and jackknife are essential for fishermen going on overnight trips and if you are invading isolated areas it may be well to take along splints for fractures and a first aid kit. And what do you do when the fish don't bite? That's another story, says the Red Cross.

Jobless Benefits Are Not Allowed

HARRISBURG, April 22.—(INS)—Repeated absence for "illness" without medical attention today was labeled inadequate grounds for allowing jobless benefits. The board denied payments to a Monessen woman, dismissed by the G. C. Murphy Co., Monessen, for 21 days of absence between August and December, 1947. Her name was withheld. The applicant apparently suffered a stomach ailment but did not consult a physician, the board explained.

Report \$43,749,184 In Motor License Fees During 1947

HARRISBURG, April 22.—(INS)—The Revenue department reported that 1947 motor vehicle license fees totaled \$43,749,184 contrasted with only \$42,460 when collections started 42 years ago. In 1906, the department added, there were 10,954 passenger cars and commercial vehicles while last year the total had increased to 2,443,824. Drivers were not licensed in 1906 and the number is unknown to the department but last year 3,404,483 motorists were listed.

Duke Of Windsor Visits President

WASHINGTON, April 22.—(INS)—President Truman's first comment on the Italian election was made public Wednesday through the Duke of Windsor, a White House visitor. The former British king said the President told him he was very pleased at the outcome of the election in Italy, in which the Communists were defeated. The duke said Mr. Truman observed also that the European recovery program is having a very good effect in France. He said he called on the President to pay his respects, not having seen him in about a year. The Chinese have listed eight different sounds in nature. These are the sounds of skin, metal, stone, baked earth, silk, wood, bamboo and gourd.

French Miners Out On Strike After Fatal Blast

PARIS, April 22.—(INS)—Some 130,000 coal miners in northern France went out on strike today in an aftermath to an explosion Monday in a mine pit which killed more than a dozen men and injured 40 others.

Communists used the blast at the Sallaumines pit for political exploitation, calling on the miners in the Nord and Pas de Calais basins today to stage a virtual general strike.

The strikers demanded that the funerals of the Sallaumines workers be held at state expense and that other miners be paid for a holiday of mourning for their colleagues.

Also demanded was payment for days of work lost as a result of the blast. The miners want in addition a bonus of 5,000 francs for all rescue workers and assurance that full wages will be paid to the injured miners for the time they are out.

On top of this a movement was begun to secure general salary increases and larger food rations.

Pennsylvania Angler Magazine Is Placed On Library's Complimentary Circulation

To get a return of money paid for value received is rare enough to be noteworthy. That was the experience of the public library today when money had been sent to the Board of Fish Commissions in Harrisburg for the renewal of the magazine published by the Commission, The Pennsylvania Angler.

In a pleasant letter from J. Allen Barrett, director of publicity and public relations, the library is informed that it will be placed on the complimentary circulation list of the Pennsylvania Angler and that this subscription will continue until the Commission is ordered to discontinue it.

The amount of the subscription was returned and the Angler will continue to please the anglers who use the reading room.

Plan Great Youth Rally For London

International Rally Of Salvation Army Youth From All Parts Of World Planned

LONDON, (INS)—An international rally of Salvation Army youth from all parts of the world is being planned for 1949 in England. It was announced recently by General Albert Orsborn, world's commander-in-chief of the organization. General Orsborn has left England for the first inter-American conference to be held in Chicago, May 18-23, after which he will arrive in New York aboard the Queen Elizabeth on April 27.

The international leader, well pleased with the progress of the International Youth Department which he established in 1946, also announced that an international youth leaders' conference will be held in London this year.

Summing up the results to date, he said:

"I appointed Lt. Colonel Edgar Grinstead as the first international youth secretary. He was a pilot in the first world war and has been a Salvation Army officer ever since."

"His job was first of all to ascertain the existing range and variety

of our work for youth throughout the world; in other words, to be a co-ordinator.

Has Two Assistants
"Colonel Grinstead has two assistants, one of whom is from the United States and has had long experience in Boy Scout work, and the other is from Sweden with two years in Germany. They are young men with a youthful outlook and are in touch with all associations of like interest."

"I am in the happy position of being able to say that every branch of the youth organization is making progress. This department is

not so much interested in small children as in adolescent groups. Our progress has been very marked both in Great Britain and in the United States."

No Limit to Possibilities
"Regarding native populations there is no limit to the possibilities of the Youth Department if we can get the people to do it. The chief obstacles are lack of workers and mounting costs, but we have a ready response among Salvation Army people everywhere."

"They are coming forward in great number of all phases of our work and we have many full-time workers."

Board Elects New Teachers

**Other Action Taken
 At Long Session**
 Teachers for the term of 1948-49
 were elected Wednesday night by
 the New Castle School Board at
 its meeting in the administration
 building in East street.
 The following teachers were
 elected:
 Doris Joanne Cooper, Slippery
 Rock, elementary.
 Betty Rose Hovis, Box 3, Clin-
 tonville, elementary.
 Mary Jane Patterson, 515 Wild-
 wood avenue, New Castle.
 Margaret Anne Pigman, elemen-
 tary music.
 Edith E. Shira, R. D. 6, New
 Castle, elementary.
 Suzanne Catherine Sutton, 506
 East Brady street, Butler, ele-
 mentary.
 Dorothy Naples, 604 Pearson
 street, New Castle, health educa-
 tion.
 The board also named Austin
 Cowmeadow, presently cross coun-

try coach and assistant basketball
 coach of senior high school, as as-
 sistant track coach.
Let Contract
 A contract was awarded the
 William M. Clark Co. for four
 pumps to be used in the boiler
 systems of the district. One of
 them, a 20,000 cubic feet pump
 was bid at \$856. Three others, each
 of 15,000 cubic feet capacity, were
 ordered at \$825 each.
 The board agreed to advertise
 for bids for the amiesing of the
 tennis courts of the George Wash-
 ington junior high school.
 A rate of eight cents per name
 was set for the school enumerators
 who will be appointed shortly.
 They will enumerate the school
 population of the city during the
 summer.
 The board agreed that John C.
 Travers was not liable for taxes
 on a property on North Jefferson
 street for the year 1944. Mr. Travers
 purchased the property from the
 county in March but did not get
 his deed until August. The county
 collected rent for the building
 during that period. Mr. Travers
 felt he was not liable for the taxes
 while the county collected rent.
 The county has agreed to this po-
 sition and the school board followed
 similar action.
 The board adjourned at 1:35
 a. m.

**Young People Of Rural District
 Gather In Plaingrove School
 For Monthly Meeting**
 Members of the Senior Extension
 club of Lawrence county,
 composed of young people of the
 rural area, had their monthly
 meeting in the Plaingrove high
 school building Wednesday eve-
 ning, with 50 in attendance.
 A report was given by Miss Lil-
 lian Martin of the recreation and
 leadership training course given at
 Indiana, which she attended as a
 representative of the Lawrence
 county club.
 T. L. Ashcomb, cashier of the
 Depositors National Bank, of New
 Wilmington, gave an interesting
 talk on banking, particularly as it
 relates to agriculture, and answered
 many questions in relation to
 banking.
 A period of games followed, and
 the evening was concluded with an
 old-fashioned box social.
 The next meeting will be on
 May 19 at the Westfield Grange
 Hall, when an illustrated talk on
 highway safety will feature the
 program. This will be under the
 auspices of the Pennsylvania State
 Police.

Man Is Dead 'Second Time'

SEATTLE, April 22.—(INS)—
 The Seattle Post-Intelligencer re-
 port today that a Seattle war vet-
 eran, who was pronounced dead of
 a rare disease last Sunday and
 later revived, has died for the sec-
 ond—and final—time.
 The paper quoted the youth's
 physician, who requested that his
 name be withheld. The veteran
 died yesterday.
 The newspaper said Robert Char-
 les Miller, 24, veteran of three
 years in the South Pacific during

World War II, became ill with an
 unusual and deadly disease—guil-
 lain-barre.
 He was stricken first about two
 weeks ago and his physician said
 the speed with which the paralysis
 that accompanied it, spread
 through the youth's body was
 "amazing."
 The doctor diagnosed the case
 as guillain-barre—with symptoms
 similar to infantile paralysis—and
 ordered him placed in an iron lung.
 The last ten days of the young
 man's life were spent—completely
 paralyzed—in the iron lung.
CONTRACT AWARDED
HARRISBURG, April 22.—(INS)—
 (INS)—The Allegheny Asphalt

 oughs and three adjoining town-
 ships. It was reported today by
 the State Highways Department.
 The townships, in Armstrong and
 Butler counties, are Fairview Park-
 er, and Bradys Bend, the depart-
 ment added.

ESCAPES DROWNING
HARRISBURG, April 22.—(INS)
 —A Clearfield county youth, un-
 able to swim, last night narrowly
 escaped drowning when he slipped
 and fell into the Susquehanna river
 at Harrisburg.
 Police said Jack Warfield, 19, of
 near Clearfield, was found uncon-
 scious on a mid-town sidewalk after
 he had fainted from exertion and
 the chill from his wet clothing.
 Warfield said he slipped while
 strolling along a walk at the river-
 side and tumbled into the stream.
 He paddled to safety without aid
 but collapsed a few minutes later.

Housing Bill Action In Senate Expected Today

WASHINGTON, April 22.—(INS)—The senate moved toward passage of the Taft-Ellender-Wagner housing bill today with only small hurdles in the way.

The measure is expected to clear the senate by tonight.

The issue of public housing was disposed of by a 49 to 35 vote retaining low rent subsidies to local housing projects in the measure. Two other amendments awaited action.

The Young-Russell amendment to restore the 250 million dollars for farm home loans which the T-E-W bill originally included and which was deleted from the pending "Flanders substitute" by the senate banking committee.

Special Aid
The McCarthy-Robertson amendment authorizing special home-buying aid to war veterans who are paralyzed as result of spinal injuries.

Sen. Flanders (R) VI., managing the bill on the floor in the absence of Sen. Taft (R) Ohio, said he will make no active fight against either, and will accept the McCarthy-Robertson amendment "with enthusiasm."

Flanders said he will oppose the Young-Russell proposal only by a statement to the senate that he favors the committee plan by which farm housing aids would await a survey by the secretary of agriculture, who would report to congress early next year.

Some opposition to the farm housing loans is expected, but Young predicted it will be minor.

J. W. YOUNG ENDS COURSE IN RADIO

WASHINGTON, D. C., April 22.—John W. Young, R. D. 2, New Castle, Pa., has completed a course and practical and theoretical radio and television and has been awarded a diploma by the National Radio Institute of Washington, D. C.

Mr. Young finished the prescribed course of technical studies with credit grades and is to be congratulated upon his achievement.

"Show kindness . . . every man to his brother."—Zechariah 7:9.

By NEWMAN CAMPBELL.
As we read the Old Testament stories of the Israelites who lived over five hundred years before Christ, we wonder if people have changed in the 25 centuries that have passed since their time.

For 70 years the Israelites had been living in an alien land among stranger peoples, and grieving for their lost homes and country. They were now returned to their own land—not as free people, it is true. However, they were once more on home soil. Unfortunately, they did not remember the bitter lesson of their recent history. They continued on in the old way of life.

The world has just fought a devastating war, but the people of that world are forgetting the lessons of their recent history. Governments intrigue against governments, and against their peoples. We read with horror of cruelties practiced upon helpless peoples, but our memories are short.

Nations of today as of old seem eager only for power, without consideration of the common

people who will still suffer from the lost war. A nation lusts for power; feels it must have access to the bounties that the earth yields, and if it cannot have them easily, it can scheme to get them no matter who must suffer.

Here and there a lone voice is raised against all this intrigue, like Zechariah's in that olden time, but we are all too confused or stupid, or both, to know what we can do to stop it, and bring about conditions that would insure peace and happiness for all peoples everywhere.

Zechariah was the grandson of Iddo, head of one of the 12 priestly families who returned from Babylon with Zerubbabel and the high priest Joshua. It is thought he was a very young man at the time of the return to Palestine, but he had the prophetic spirit.

The Lord spoke to Zechariah, telling him that his fathers had angered the Lord who had commanded that they turn from their evil ways. They refused to listen to Him, and now where were they and their prophets? Gone, and now the new generation was as stubborn and heedless as their fathers.

Zechariah saw strange visions which he could not understand, and these were explained to him as lamps symbolizing light, fed with olive oil symbolizing the Holy Spirit, and "two anointed ones" who apparently represented the priest Joshua and the king Zerubbabel, through whom help might come in the race's redemption.

Our prophets are less spiritualistic, but they see none the less clearly where we are going, and what will result if we do not change our ways. Our preachers warn us, our statesmen tell us. Those who have traveled far and communed with peoples of other lands warn us. They have heard the cries of those who find themselves no longer free, but under the domination of strangers; and those who have no homes, no freedoms and no security and little prospect of same unless the world changes.

The words Zechariah spoke to his people so many centuries ago are just as applicable to us as to them. During their exile the Israelites had set aside a certain time to go apart and weep over their plight. Should they still do so now they were at home? They asked their prophet. His answer was that even when they did so they were merely going through a ceremony that had no meaning for them and did not help them to change their lives.

"Thus speaketh the Lord of Hosts," proclaimed Zechariah. "Execute true judgment, and shew mercy and compassion every man to his brother. Oppress not the widow nor the fatherless, the stranger, nor the poor; and let none of you imagine evil against his brother in your heart."

But Zechariah did not leave his people hopeless for the future. He also told them that the Lord had said, "There shall yet old men and old women dwell in the streets of Jerusalem, and the streets of the city shall be full of boys and girls playing in the streets thereof."

This is the ideal of all peoples everywhere, and how can it be realized? How can we bring it about that all over the world—the old and the young—can be happy and without fear? We can work toward it in our individual lives. In the words of the Lord spoken through Zechariah, "So will I save you, and ye shall be a blessing; fear not, but let your hands be strong."

COURT REJECTS REQUEST
PHILADELPHIA, April 23.—(INS)—The State Supreme Court today rejected request that Gerald C. Wentzel be released on bail pending its decision on his appeal from a second-degree murder conviction.
The appellate tribunal's decision was made in a per curiam ruling. The Supreme Court will hear argument on Wentzel's appeal during the September term in Pittsburgh. Wentzel was given 10 to 20 years for the strangling of Mrs. Miriam Green, 27-year-old Pottstown divorcee, in December, 1946. He is 37 years old and was a prosperous diemaker and civic figure in Pottstown.

Three-Point Program For U. S. Is Urged

MILWAUKEE, April 22.—(INS)—William L. Batt, Philadelphia industrialist, believes that the United States must adopt an effective Bipartisan foreign policy and back it by military support if peace is to be maintained.

The president of SKF Industries told a Milwaukee conference of engineers last night that we must make certain that we can enforce our demand that there shall be peace everywhere in the world.

Terminating the need for decisive action acute," the former War Production Board vice chairman outlined this three-point program:

1. A restatement of U. S. foreign policy in clear terms by the president and secretary of state and support of this policy by leaders of both political parties.

2. A guarantee to the 16 cooperating nations that the United States will protect the European recovery program from violent outside interference or irresponsible meddling.

3. Creation of a world government that will permit peace-loving people to live under the assurance of peace.

Stanley B. Kraus Accorded Honor

Pennsylvania State College announces the election of Stanley B. Kraus as an associate member of the American Psychological Association at a meeting held recently at Ann Arbor, Michigan.

Mr. Kraus joined the psychology extension staff of the Pennsylvania State College on April 10, 1946. He was located at extension offices in State College, Altoona, Pottsville and Harrisburg before taking over duties as director of the New Castle Guidance Center in June, 1946. Mr. Kraus is a graduate of Ellwood City High school and holds an A. B. degree from the Pennsylvania State College and a Masters Degree from the University of Pittsburgh. Mr. Kraus also studied at Alabama Polytechnic Institute, the University of Hawaii and Washington and Lee University.

Mr. Kraus was a lieutenant with the Medical Administration Corps in charge of vocational guidance at Brooke General Hospital before joining the staff of the Pennsylvania State College. He is also a member of the Pittsburgh Personnel Association, and Alpha Delta Sigma, National Honorary Society.

MORGANTOWN, W. Va., April 22.—(INS)—Herbert Lee Kelly, 42, of Elandsdale, W. Va., an employee of the Morgantown division of the Monongahela Power company, was electrocuted last night while at work on a pole about five miles from Morgantown.

Kelly came in contact with a hot wire carrying 6,900 volts of electricity.

Price Reduction On Milk Ordered

Milk Control Commission Fixes Prices For Milk And Cream In District

HARRISBURG, April 22.—(INS)—Residents of 13 western Pennsylvania counties around Pittsburgh today were in line for a penny a quart price cut that will fix grade B milk rates at 19½ cents during May and June.

An order making the cut plus a cent a half pint reduction in con-

sumer cream rates was issued yesterday by the Milk Control Commission. The new schedule will fix cream prices at 23 cents a half pint.

Prices received by farmer-producers will be slashed 40 cents a hundred pounds to \$5.23 during the two months flush production period.

Present milk rates are scheduled to return July 1 for the balance of 1948 under the order signed

by Commissioners Charles O'Loughlin and John Snyder. Chairman H. N. Cobb opposed the drop. The milk market affected by the order embraces the following counties: Allegheny, Armstrong, Beaver, Butler, Clarion, Crawford (only Venango, Venango township and Cambridge Springs), Fayette, Greene, Lawrence, Mercer, Venango, Washington and Westmoreland.

DYNAMITING FISH CHARGED LISBON, O., April 22.—(INS)—Two men, who had been traced through license tags on a pickup truck, had fines of \$100 each, plus costs, today after they pleaded guilty to charges of dynamiting fish in Sandy creek. Fined were R. J. Skivlocki and Walter Byers, both of Homeworth village near Lisbon.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent urinary passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Saving Stamp Sales
Now Almost \$3000

From the office of Mahoning School comes the report that pupils sales of government saving stamps have reached \$2,907.45, since the beginning of the school term last fall. Class 4-105 maintains the leadership with \$330.85, with class 6-201 as runner-up at \$318.45.

The operetta "Tom-Tit-Tot" will be given on Thursday evening, April 29, by the upper grade classes in the school auditorium.

Delegates Attend
Church Convention

Representing the Madison Avenue Christian church at the one day district convention of the Disciples of Christ, in the Christian Church, Ellwood City, on Tuesday, were: Mr. and Mrs. Stewart Hunt, Mrs. J. B. Moore, Mrs. I. D. Wagner, Mrs. Russell McConnell, Mrs. Howard Culbertson, Mrs. Earl Ruehle and daughter Ellen and Mrs. Stephen Hutnick.

Next year's convention is planned to meet at the First Christian church, this city.

Church Teachers,
Officers Meeting

At the Mahoningtown Presbyterian church, there was a gathering of the officers and teachers of the church school on Tuesday evening. Rev. Howard A. Redmond, the pastor, conducted the devotions.

Moving pictures were shown, entitled, "The New Curriculum of the Presbyterian Church." Rev. John Fife, pastor of Westfield Presbyterian church, gave a discourse on the subject. Kenneth Sickels operated the projector.

SEVENTH WARD NOTES

Mrs. W. D. Morris and daughter Mrs. Audrey Renforth, of Parkersburg, W. Va., are visiting with the former's uncle and aunt, Mr. and Mrs. Perry Birk of 308 North Cedar street, and grandparents, Mr. and Mrs. Perry Gormley, of North Liberty street.

Mrs. Sally Deegan of Junior High street, formerly of the ward, who is ill at her home, is a little improved.

George Huff of 312 North Cedar street, who has been confined to his home with illness, for a number of weeks, is somewhat improved, and able to sit up a little while each day.

Miss Dorothy Huff, of 604 North Liberty street, who underwent an operation for appendicitis, at New Castle Hospital, several weeks ago, is getting along nicely at her home.

On the front lawn of 220 North Liberty street, there is a small tree, about five feet high, that has pretty light pink daisy-like flowers blooming along its branches. We are informed it is a flowering plum tree.

Raymond, young son of Mr. and Mrs. Harry Soroka, of 608 North Ashland avenue, has been returned to his home from the Jameson Memorial Hospital, where he received a few days treatment, and is getting along nicely.

It is announced that meeting of Mahagi Club, scheduled for Thursday evening, at the home of Mrs. Ruth Soroka, 608 North Ashland avenue, has been postponed indefinitely.

Rev. Howard A. Redmond, pastor, Dr. F. W. Guy and Ernest O. Farver, elders of Mahoningtown Presbyterian church attended the Shenango Presbytery at Bessemer Presbyterian church on Tuesday. Rev. Redmond was elected one of the trustees of the Presbytery for the next three years.

In the recreation room of Mahoning Methodist church Boy Scout Troop X4 meets this evening at 7 o'clock.

KENT STATE CITES
WILLIAM E. BIGLEY

KENT, O., April 22.—William E. Bigley, son of Mr. and Mrs. I. E. Bigley, 402 Connor avenue, New Castle, was one of 12 students in the education college of Kent State university to be cited for outstanding scholarship during the winter quarter.

Bigley, a graduate of New Castle

high school, class of 1941, received grades of all "A" during the term just completed. He is in his junior year at Kent State.

Some of the oldest books in the Old Testament were probably written more than 1200 years before Christ, and the Book of Daniel and some of the Psalms were, in all probability, written less than 200 years before Christ.

Two Million May Be Needed

**Military Spokesman Tells
Congress Of Needs Under
New Preparedness
Plan**

By WILLIAM THEIS
(N. Y. Staff Correspondent)

WASHINGTON, April 22.—A military spokesman told Congress Wednesday that up to two million men may be needed for the armed services and reserves during the first year of the nation's accelerated preparedness program.

Major Gen. John E. Dahlquist, personnel chief, declared that an estimated 950,000 officers and men will be needed for the armed forces by July 1, 1949, to reach the strength of 2,066,000 authorized in the draft bill introduced by Rep. Andrews (R. N. Y.).

The witness said almost a million men would be required in the reserves in the same period.

Gives Testimony
Dahlquist testified before the House Armed Services committee, which is holding hearings on the Andrews bill.

The legislation provides for the draft of men 19 through 25 and boosts strength of the armed forces to a new peacetime high.

Dahlquist said that of the 950,000 men needed during fiscal 1949 it is estimated that approximately 270,000 men must be inducted into the Army.

Dr. Vannevar Bush, chairman of the Research and Development board, urged specific exemption of scientists and technologists.

Dahlquist said that the remainder of the men could be obtained through voluntary enlistments. He emphasized, however, that "without the compulsion of selective service the number of voluntary enlistments required will not be secured."

The general testified that with draft spurring on enlistments, the Navy, Air Force and Marine Corps believe they could enlist all the men they required.

Need Reserves
In addition to the requirements for the armed services, he stated, 967,000 men will be needed during the 1949 fiscal year to permit expansion of the reserves plus another 200,000 men to fill losses.

Dahlquist estimated that under the Andrews bill the Navy will require 106,000 new men, the Air Force, 123,000, the Marine Corps, 22,000, and the Army, 456,000.

He also estimated the strength of all services on July 1, 1949, will be one million, 446 thousand officers and men, compared to a strength of one million, 842 thousand contemplated under the Andrews bill a year later. Losses during the 1949 fiscal year, he stated, would probably total 554,000.

Bush warned in a letter read to the committee that the nation now has a "deficit" of from 47,000 to 67,000 scientists and technologists.

He stated that the draft legislation should be regarded as just "an interim step" and that under present "circumstances of tension" the nation should plan for institution of "universal service" to defend the country.

IDENTIFY BODY
STUEBENVILLE, O., April 22.—(INS)—Police Chief Roy Pilette of Weirton, W. Va., said Wednesday that a body taken from the Ohio river was that of Paul J. Huth of Rochester, Pa.

Identification was made from a wrist watch on which the name of the former navy veteran was engraved.

The Boise valley, Idaho, noted as an agricultural center, has produced more than 100,000,000 dollars in placer mining.

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, April 22.—(INS)—

Off the celluloid cuff.—

Dorothy Lamour, suffered from an ear ailment, has a date with Johns Hopkins in Baltimore for an operation. Her husband, Bill Howard, also undergoing medical once-overs, has been ordered to quit smoking. . . . Thomas Gomez, who got an Academy Award nomination for "Ride the Pink Horse," is Hollywood's biggest bicycle nut. He sometimes pedals 125 miles a day. When Gomez winds up his film chores in "The Blue Lady" at Republic he'll hie to New York and begin his annual bike trip through New England. . . .

Big Brass Gripping

British movies copied so many Oscars at the recent Academy Awards that Hollywood big brass is gripping. They're pushing through a rule next year confining awards to flickers manufactured only in California. . . . David Rose, who has composed a symphony for harmonicas, will conduct the Opus in Hollywood Bowl this summer—with 200 harmonica players blowing their brains out. . . . Henry Morgan is scouting for an "angel" to bankroll his musical play, "Morgan's Folly." . . . John Carroll, although signed to star in three pictures a year at Republic, is forming his own independent outfit. . . .

Dick Sells Plane

Dick Powell, incidentally, finally succumbed to the arguments of wife June Allison and sold his favorite airplane to Carroll, who will

fly to Alaska on a vacation in a few months. . . . Natal note:—Bill and Co., stars of Ken Murray's all-bird movie of the same name, are egg-ticipating. . . . Adela Mara, who posed for 4,000 sexy bathing suit pictures during the past three years, has issued an ultimatum to Republic studio bosses: "No more leg art! It's about time folks discovered that I also have a face!"

Alfonso Getting Hitched

Alfonso Bedoya (he was the Mexican bandit leader in "Treasure of the Sierra Madre" and currently is working in "The Blue Lady") will be married soon to a gal he literally bumped into in a hotel elevator. Bedoya, one of 20 orphaned brothers and sisters, said he has never gotten hitched before because he was so busy helping support the family. . . . Michael North and Marilyn Maxwell both would like to get married too—to each other—but won't until Mike gets an acting job.

Protest Expansion Of TVA Facilities

HARRISBURG, April 22.—(INS)—

The state Chamber of Commerce voiced opposition to expansion of power facilities of the Tennessee Valley Authority, claiming the "flood of cheap power" would cripple Pennsylvania's efforts to attract new industries.

Approval of the TVA proposal,

now pending before the senate appropriations committee, would create additional subsidized competition for the commonwealth's private electric companies, according to the chamber.

"It would amount to an out and out effort to lure industries to the TVA area through 'cheap power,' to the detriment of employment opportunities and business welfare in such states as Pennsylvania," the chamber added.

At the same time, chamber officials spoke out against the \$300,

000,000 Taft-federal aid to education bill and the Taft-Wagner-Elender federal aid to housing bill. It endorsed immediate enactment of selective service legislation and a proposal by Sen. Edward Martin (R. Pa.) to speed recovery of scrap metal from government installations overseas.

The population of the Union of South Africa is now more than 11,000,000 but when the British came there 150 years ago it was only 50,000.

Judge Seeks 60-Day Cooling Off Period For Divorce Seekers

Hopes For Reconciliation Of Many Homes If Planned Is Approved By State Court

CHICAGO.—(INS)—Divorces or annulments in the state of Illinois may be postponed for 60 days if Judge Julius Miner of the circuit court in Chicago has his way.

Judge Miner said recently that he will appear before the Illinois Supreme Court to seek a ruling requiring a 60 day "cooling off period" before any suit for a divorce or annulment may be filed.

He said: "There is no question but that the legislature has power to do this, but the legislature does not meet until next January. The Supreme court can effect this procedure without legislation, so long as its ruling does not interfere with the substantive rights of individuals."

Completed Tests
The judge said he has completed tests of his plan to save homes through reconciliation conferences with estranged couples. He added, "The results are exceeding my highest expectations."

Judge Miner says that one-third of all divorces could be prevented through reconciliation conferences. He maintains that actual filing of the divorce or separate maintenance suit, with accompanying public charges, eliminates any chance of saving the marriage in 75 percent of the cases where the family unit could have been preserved.

Outlined in the judge's report were detailed results of experiments in which he considered 62 applications for reconciliation conferences.

In 18 of these, case applications were rejected because no minor children were involved or because the dispute already had been taken to court.

Persons Failed to Appear
In 31 instances, the report said, husbands or wives of the persons who sought conferences failed to respond to invitations to appear.

Judge Miner said he was informed that letters he wrote brought about improved relations between the couples in 14 instances.

Eleven couples were reconciled as a result of the conferences. In two cases, where both parties appeared for conferences, he added, reconciliation efforts failed.

Convocation At Dickinson College

HARRISBURG, April 22.—(INS)—A four-day convocation opened today at Dickinson College in Carlisle to mark its 175th anniversary. U. S. Attorney General Tom C. Clark is scheduled to address the assembly tonight while Lord Inverchapel, British ambassador to the United States, will be given an honorary degree Sunday during the closing session.

Dickinson is the seventh oldest college in America.

Kiwanians Hear Talk By Dr. Uber

Interesting Talk On Urology Is Given At Noon Luncheon Meeting Wednesday

New Castle Kiwanis club members heard an interesting talk on urology by Dr. Thomas M. Uber, local urologist, at their noon luncheon meeting in The Castleton Wednesday noon.

Dr. Uber had previously spoken on this subject to the Rotary and Lions clubs, and his talk was well received by the members of Kiwanis.

Fine Salvationists Made By Africans

Training College At Nairobi In East Africa Filled To Capacity With Eager Students

LONDON.—(INS)—The Salvation Army today is making astonishing progress among the natives of East Africa, who make excellent Salvationists.

This was revealed recently by General Albert Orsborn, world commander-in-chief of the Salvation Army.

General Orsborn said: "The buildings that we use for halls and schools during the week are places of worship on Sunday. The natives like our free and informal style."

"Our training college at Nairobi is full to capacity with natives learning to be Salvation Army officers. We have so many applications that we can afford to be very selective and only accept the very best type of man and woman."

Don't Have To Look
"The fact is that we don't have to look for opportunities in East Africa. There are opportunities for the Salvation Army on all sides. The natives make fine Salvationists—almost ideal."

"The natives have good tribal laws which give them a good foundation. They represent an open field without any previous religious prejudices. They have more understanding of the Christian tenets than one would expect to find among primitive peoples. We felt we were not starting from zero when we began our work among them."

"I am sure that the three pronged Salvation Army program of evangelism, education and medicine will show heartening results."

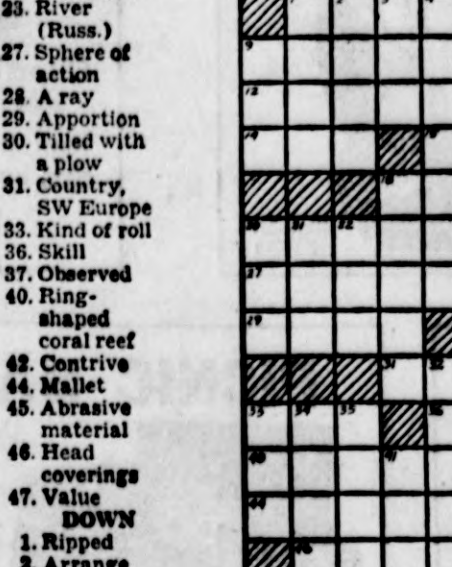

Visited Rhodesia, South Africa
"When I visited North and South Rhodesia and South Africa, General Jan Smuts presided at one of our meetings. I found that he is very popular and strongly supported in his country."

"It was gratifying to have Smuts preside at one of our meetings. I think it shows the esteem in which the Salvation Army is held in South Africa."

"I must say, however, that I have had similar warm receptions throughout the world. I had a pleasant talk with President Truman at the White House in Washington, and he allowed the photographers to take pictures of us together."

Westward March Of 'Iron Curtain' Believed Stalled

WASHINGTON, April 22.—(INS)—House Speaker Martin (R) Mass. declared today that the triumph of anti-Communists in the Italian elections demonstrates that "the westward march of the iron curtain has been stalled."

Martin said the American people are "delighted" at the overwhelming defeat of the Communists.

He urged Americans of Italian origin, who before the elections cabled and wrote their relatives in Italy urging support of Democratic elements to "send a little message of thanks" as a "good-will contribution."

Truman Will Start Campaign Early In June

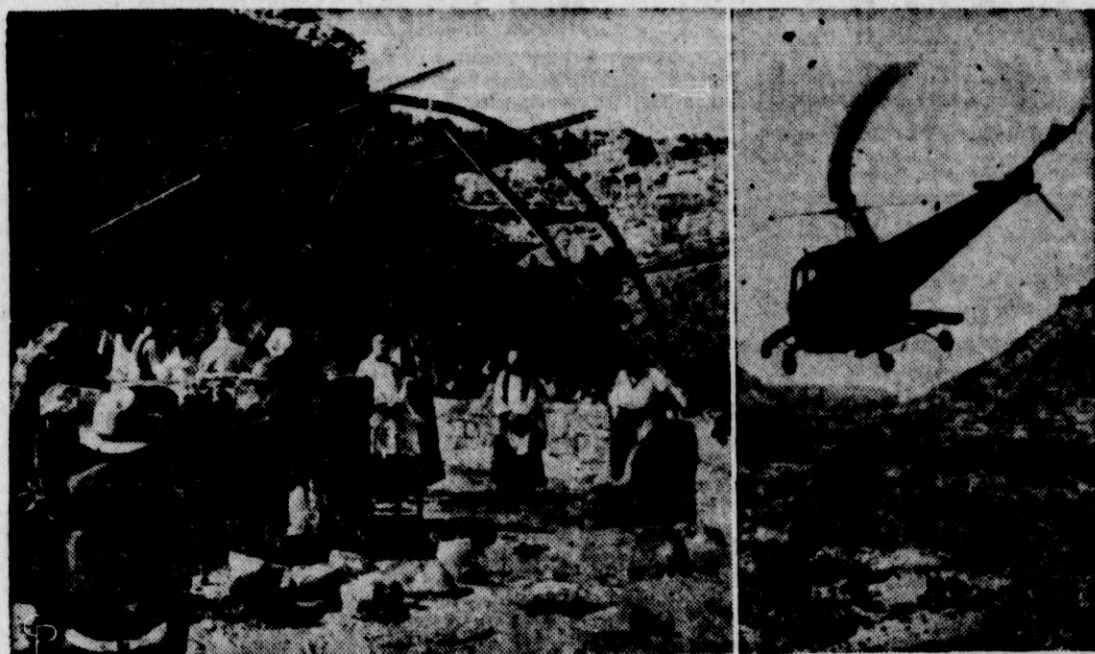

By **WILLIAM K. HUTHINSON**
 (U.S. Staff Correspondent)
 WASHINGTON, April 22.—(INS)—President Truman will open his campaign for four more years in the White House with a trip to the west coast early in June.
 The White House officially announced today that Mr. Truman has accepted an invitation to speak at the University of California commencement at Berkeley on June 12.
 From other authoritative sources it was learned that the chief executive will travel west by train and will make at least three other speeches. It was said that the trip will take him away from Washington for at least two weeks.

IN A REMOTE CANYON of Arizona, the small Havasupai tribe of Indians has maintained a tranquil way of life almost completely cut off from modern civilization. One of the few white men ever to contact the tribe is the Rt. Rev. Arthur B. Kinsolving, an Episcopalian missionary, who now has succeeded in giving the tribesmen a place of worship by flying a quonset hut into the canyon with a helicopter, a section at a time. Hut was donated by steel company. (International)

900 Fans Honor Mid-Atlantic Entry

Honus And "Cy" Oblige A Young Fan With Autographs

Two of major league baseball's all-time greats, Honus Wagner (left), "Mr. Shortstop", and Denton "Cy" Young, outstanding pitcher from 1890 to 1911, oblige a young fan with their autographs at the testimonial banquet held last night in The Cathedral.

The two old-timers of the game delighted the fans with talks about the way the national pastime was played in its early days.

Booster Banquet Huge Success At Cathedral

Large Crowd Turns Out To Testimonial Honoring Professional Club; Galaxy Of Guests Thrill Diners; Famous Major Leaguers Share Spotlight.

Some 30 young baseball players, their manager and club officials today should be fully aware of the fact that the city of New Castle stands 100 per cent behind the revival of professional baseball in the community.

Over 900 fans flocked to The Cathedral last night at the Booster club testimonial dinner honoring the entry of the New Castle Chiefs into the Middle Atlantic league, a rousing endorsement of class "C" ball here. There is little doubt that the sports-minded citizens of New Castle are in favor of organized baseball as the fuse was lighted under the Chiefs "rocket". Such a turnout should spur the locals to make the city one of the best baseball towns in the circuit this season.

It was an evening generously garnished with glamor and lore of the diamond. Despite the fact that the scheduled speaker, Billy Meyer, manager of the Pittsburgh Pirates, was unable to attend due to sudden illness, the affair lost none of its sparkle and pace. Anytime you group such a quartet as Ralph Kiner, Dixie Walker, Honus Wagner and Denton "Cy" Young at the same speakers' table you have enough baseball to sate the keenest of appetites.

The attendance of these four personages, representing the past and present of the national game, gave the diners hours of fast repartee and fabled tales by some of the best yarp-spinners in the business.

"Dutchman", Cy Hilt, Old Honus and Young, the two oldest living members of baseball's Hall of Fame, delighted the crowd when they stepped to the microphone.

The venerable "Flying Dutchman", the greatest shortstop of all time, still can enthral fans six to sixty with his anecdotes and the fiery delivery of Young, the "winningest" pitcher of all time, made everyone present want to grab a bat and ball and head for the nearest ball field. Old "Cy", baseball's octogenarian, has lost none of his love for the game and if he were physically able, would probably still be "chucking" a few.

Local fans showed great interest in Walker and Kiner, Pirate outfielders, who followed the "old-timers". Young Ralph, whose potent bat has made him one of the game's most feared hitters, is no less at ease before a large throng. If ever there was a model for the All-American boy it is this broad-shouldered youth out of Alhambra, California, who is one on the three-hold of a brilliant major league career.

Dixie, who has been up in the big show for 11 years, will never want for speaking engagements when he hangs up his glove. The easy-mannered "People's Chere", whose Alabama drawl would make the magnolias burst into bloom, captivated the crowd with his droll stories about his career in the majors. The self-labeled "rebel" is definitely a "300 hitter" on the speaking platform.

Bill Francis M.C. Bill Francis, of the ready wit and the glib tongue, was ideal as the master of ceremonies and kept the show moving at a pace that would rival a base-runner streaking for first.

Tom Grille turned the assembly into laughing bedlam with his "Tony at the Ball Game" skit, and the singing of the Barber Shop quartet (over-sized as Walker quipped) was highly entertaining.

They turned back the years with a few of the old favorites. Preliminary music was furnished by Carl Leone's smooth stringed trio.

Special guests at the affair included H. Roy Hamey, general manager of the Pirates, Al Schlenker, assistant treasurer, attorney Tom Johnson, secretary-treasurer and part-owner, Elmer Dailey, Mayor John F. Haven, Judge W. Walter Braham, Jacob C. Wachtman, GNCA secretary, Fred L. Nash, of the Erie club, Gordon C. Hutchinson, president of the Butler Yankees, John Gabri, owner of the Chiefs, J. J. Connors of Oil City's team, and George S. Cooper, president of the Johnstown club and sports editor of the Tribune of that city.

Mr. Flaherty made the opening remarks and told of the cherished dream of his father, the late Patrick J. Flaherty, which was the construction of the playing field in the city. The Bronze president said that the field was the property of the people of the community and that in the near future it was hoped to modernize the entire 45 acres of the tract into a recreation center for the use of all.

President Dailey expressed happiness on the part of the league on the entry of New Castle into the fold. As he pointed out it was the aim of the league for some time to include this city in professional baseball and now that the time has come, he felt sure that the game would flourish here.

Players introduced Charles "Bugs" Walther, sports scribe of the New Castle News, and acting Booster club co-chairman in the absence of Richard E. Rentz.

Evans City Tops Union Thincads

Score Nine First Places Wednesday in Dual Meet, Union Gets Three Firsts

Evans City High track team won over Union High's thincads at the Union High field yesterday in a dual meet, 66 2/3 to 35 1/3.

Union High scored but three firsts in the meet, Branski winning the discus, Vigne winning the shot put and Hetrick the pole vault. There were no records broken and no outstanding events in the lopsided meet.

Chiefs To Play Exhibition Game

New Castle Club Of Mid-Atlantic Loop Plays Universal Pottery Sunday At 2:30

General Manager George "Pappy" Smith, of the New Castle "Chiefs" of the Mid-Atlantic league, today announced the team will stage an exhibition game Sunday at 2:30 o'clock at the Washington High field with the Universal Pottery team.

This is merely a practice battle to see how the boys perform under fire, and to try out several of the young hurlers on the roster. The "Chiefs" after the recent testimonial last night at the Cathedral know now that the New Castle fans are back of them 100 per cent.

Well-Fortified Latest to report to the "Chiefs" is pitcher Bill Zuraw of Charleroi, a big left-hander who was with Watertown, N. Y., last year, winning 13 games. New shortstop is reporting next week, Smith said. Meantime young Jackie McCullough of New Castle is filling the bill at short.

The New Castle club is well fortified with pitchers—having 11 hurlers on the roster at the moment—Bill Zuraw, Ray Vincetello, Louis Busco, "Red" Kaiser, Hugh Grimshaw, Felix Buchholz, Roger "Frenchy" Vallencourt, Stan Sobolook, Gordon Quimet, Joe Ford, and Dick Janacome. Smith can carry 22 men until June 15, when he will have to prune down to 17. The "Chiefs" are working out every day at Deshon Annex field starting at 1 o'clock. Smith announced. Ray Reiber is not reporting to New Castle, he informed the club.

VICO MAKES BIG SPLASH IN DEBUT

By CHARLES EINHORN (International News Service Sports Writer) CHICAGO, April 22.—(INS)—There is no nicer way for an enterprising young fellow to break into big league baseball than to hit the first pitch of his first time at bat for a home run.

He is long George Vico, who stands six feet, four inches. He will be 25 years old in August, and fields a better first base for the Detroit Tigers than anybody since before Hank Greenberg, which is a good many moon in the past.

There may have been others, but immediate memory conjures only the names of Earl Averill and Babe Barna as guys who hit home runs their first time up in the majors. That is, before Vico, who was born in California and won his way to the majors at Portland, Ore. He delivered his 375-foot hop into the right field cloisters at Comiskey Park, Chicago, on Tuesday, and the Tigers went on to win the game.

Yesterday, in his first time up, Vico fished a triple to the right field corner and scored the first run for the Tigers, who proceeded to beat the White Sox again.

A right-handed thrower, Vico is possessed of a vaudeville-like leg split with which he can stretch off the bag like gum elastic.

He also, apparently, possesses the wherewithal to solve at least one of Tiger Manager Steve O'Neill's problems.

Rifle Club To Meet Tonight

President Wilbur Thomas of the New Castle Rifle Club called an important meeting for 8 o'clock tonight at all members of the Rifle club for the purpose of discussing a new range, as the club is losing the Cathedral site, it was announced.

Titan Golfers Defeat Geneva

Westminster golf team defeated the Geneva golfers in a match Wednesday at the New Castle Country club course, 17 1/2 to 3 1/2. Freddy Broad, Titan ace, was medalist with a sizzling 78 card. Capozza scored the lone Geneva half-point.

Bessemer Playing Dukes On Sunday

Bessemer Cementers of the county league will play the Duca D'Abruzzi club of the city loop Sunday starting at 3 p. m. at the Bessemer field, it was announced today by Manager "Jim" Martin.

GUARDSMEN TO PRACTICE The National Guard softball team will have a workout at the Deshon Annex field at 5:15 o'clock tonight, it was announced. The Guards have entered a team in the City Softball loop. All players are to meet at the Army at the appointed hour. Anthony Elisco is the manager of the National Guard team.

SPORTS

Ralph And Dixie Talk Things Over

Two of the Pittsburgh Pirates' brightest stars converse at the speakers' table at last night's Booster club dinner. The Buc outfielders (the People's "Chere" is at the left), shared the spotlight with an imposing group of baseball notables who turned out to honor the New Castle Chiefs of the Middle-Atlantic league.

Two Out Of 12 Finish Major League Hurlers Show Lack Of Practice

By LOU GARAVENTE (International News Service Sports Writer) NEW YORK, April 22.—(INS)—Major league pitching was "on relief" today, a harsh indictment against baseball's self-imposed regulation forbidding organized spring training prior to March 1.

First-line pitchers, handicapped by the late start and the annual rookie "sifting" protested recently that they might not be ready to go nine innings during the first weeks of the 1948 campaign.

Yesterday, the moundmen offered exhibit "A". Twelve "No. 2" pitchers went to the hill in six major league contests. Only two of these finished unaided and only one, George Munge of the St. Louis Cardinals comported himself with big league finesse.

Munger snaked his crackling fast ball and curve past Cincinnati Red batters for a five hit, 5 to 2 triumph that kept the Cards undefeated along with the Philadelphia Phillies.

Johnny Vandermere, Red Sox starter, gave up 12 walks and left the game in the eighth inning. Phillies kept pace with St. Louis by a dint of a 13-inning 4 to 3 conquest of Boston's Braves.

Neither starting pitcher—Bill Voiselle or Schoolboy Rowe—was around at the finish of the season's first diamond marathon.

Wildness Evident And it was pitching's "mortal sin"—wildness—that lost the game. Philadelphia scored the winning run without a hit. Brave southpaw Ernie White surrendered three walks and uncorked a wild pitch with one out, and rookie Granville Hamner lofted a run-scoring fly for the win.

Reliever Ed Heuser who came on in the 13th to pitch to one man was the winner. Mickey Haefner, the southpaw knuckleball artist for the Washington Senators, was clipped for nine hits, including Joe DiMaggio's 440-foot homer, but he managed to survive nine innings as the Senators won 6 to 3.

Senator outfielders came up with five stand-out catches to keep Heuser out of trouble. Rookie Gil Coan cracked a three-run round-tripper in five-run third frame, which hastened the exit of Vic Raschi.

Dizzy Trout, the Tiger "big live", couldn't check the Chicago White Sox. Trout was breezing toward a 3 to 0 shutout but the White Sox crashed through for three runs in the seventh.

Overmire To Rescue Lefty Overmire relieved Trout. The Tigers clipped Earl Harriot for a run on Hoot Evers' third straight single, and Detroit racked up its second win without a loss, 4 to 3.

Hank Borowy, Cub right-hander, almost coasted in on home runs by Bill Nicholson and Andy Pafko (with one on) but "Blisters" weakened in the ninth and Bob Chipman came in to secure the Cub's 6 to 3 victory over the Pittsburgh Pirates.

Ernie Bonham matched Borowy for seven frames in a 1-to-1 duel, but left in the ninth under a three-run outburst.

The Brooklyn Dodgers and New York Giants staged a three-hour-plus "Donnybrook" in which the Dodgers employed a record-breaking 24 players, hit three home runs, got 11 hits, but lost 9 to 5.

Brooklyn used four pitchers, beginning with their 1947 ace, Ralph Branca. Rookie hurler Sheldon Jones started for New York but couldn't stand the prosperity of a 6 to 2 advantage and retired in the eighth.

Outfielder-infielder Arky Vaughan hit two homers (one inside the park) and outfielder Carl Furillo clubbed another for Brooklyn. Johnny Mize, co-heir to the major league home run title, smacked one in the second and Sid Gordon, subbing for Bobby Thomson who hurt his leg chasing Vaughan's homer, slugged one in the sixth.

Committee Of House To Give Draft Approval

(U. S. Staff Correspondent)
WASHINGTON, April 22. — President Truman's request for new draft legislation appears likely to receive an overwhelming vote of approval from the House Armed Services Committee.

The committee is regarded as certain to approve, probably within the next 10 days, a bill providing for the induction into the armed services of men aged 19 through 25.

A committee pool revealed that of the 33 members on the group, 13 of those who could be reached said they will vote for the legislation, three will vote against and four are undetermined.

The committee voted 20 to 0 last July for universal military training and both opponents and supporters of the selective service legislation predict a larger vote for the draft measure.

Estimates are that the draft bill sponsored by Rep. Andrews (R-N.H.), committee chairman, might receive as many as 25 votes, a better than 3-to-1 majority.

To Complete Hearings
If the bill is reported out by the committee next week, it may be called up in the House by the leadership the following week. The committee plans to complete its public hearings this week and begin closed sessions on the bill next Tuesday.

The Andrews bill also sets a ceiling of two million six thousand officers and men for the armed services, an increase of 621,500 men over the existing strength of the army, navy and air force.

Men aged 19 through 30 would be required to register for the draft. The administration originally had requested that men through 44 be registered. The Senate Armed Services Committee has voted to limit registration to men of draftable ages.

The Senate committee has completed its public hearings and is now discussing its bill behind closed doors. No decision has yet been reached on whether to report out a one-package bill containing both selective service and UMT, as requested by the armed services.

Bills Reported To City Council At Day's Session

When council convened today in city hall several bills which have been reported in committee were reported from committee, as follows:

Measure to reconstruct curbs in Chartes street, between Moravia and Morris streets.

Measure authorizing the enclosure of a water course in Arlington-Wilson avenue district, the property-owners affected to sign release from damages.

Bill ordaining and establishing grade in Highland avenue north to the city line of that portion annex recently.

Measure ordaining and establishing a grade in Delaware and Audley avenues, and fixing a grade of that part recently annexed by the city.

Bill ordaining, establishing a grade and providing for the opening of the grade in Hazletcroft avenue, east to the city line.

Two New Buses Arrive For Use On City Routes

Superintendent LeRoy Shoaff today announced the arrival of two new buses, which when thoroughly inspected, and then registered by the motor vehicle department of the state, will be placed in operation. They are 32-passenger, Diesel engine buses, he stated.

Buy New Auto For Fire Chief

Following a recommendation presented by Safety Director Dick Davis and City Mechanic Chris Walker, council today authorized the purchase from the Rick Motor Car company of a six-passenger club coupe, at a low bid of \$1,525.25, for the use of the fire chief, whose car was damaged badly recently in a North Jefferson street motor vehicle accident.

State Police Nab Butler Escapee

MERCER, Pa., April 22.—(INS)—State police today had rounded up all three youths who escaped from the Butler county jail Saturday night.

The last fugitive, 20-year-old Clarence Zarnick, was halted in a stolen car by a police road block at the Mercer borough limits last night.

Zarnick did not resist arrest.

BUILDING PERMITS
John Noga has been granted a city permit to construct a two story brick addition at 1142 South Mill street, at an estimated cost of \$12,000.

Other permits issued yesterday follows: Mrs. John Rispoli, concrete block garage, 1102 DuShane street, estimated cost, \$300, and Miss Jennie McFate, wire fence, 508 Meyer avenue, estimated cost, \$50.

Geoffrey Chaucer was the first great English poet. His father was John Chaucer, a London vintner and Geoffrey was born in London about 1340. He died in 1400 and was buried in Westminster Abbey.

SUBMARINE HURLER, NO DOUBT

WHEN the sign went up at the Ohio university athletic field, Athens, O., "Game Called, Rain!" the boys weren't fooling. They were putting it mildly, however, for the flood-swollen Hocking river pitched its contents all over the field. Mark Wylie, Ohio U.'s star pitcher, adds color to the scene. (International)

Heads National Cash Register Company Here

G. W. LUCAS

G. W. Lucas, of Staunton, Va., has been promoted to head of the National Cash Register Company branch in New Castle. He succeeds A. R. Heizman, who has been transferred to Albany, N. Y.

Promotion of Mr. Lucas, who was Branch Manager at Staunton, gives the New Castle area a man well qualified to counsel with business men on their record-keeping and accounting problems.

Mr. Lucas joined the Company in 1937 as a student salesman in Knoxville, Tenn., and became a senior salesman the following year. In 1943, he was promoted to branch manager at Staunton.

Coming to New Castle with Mr. Lucas is his wife and three children. One daughter is a University senior, his other daughter is a high school student, while his son is in medical college.

Mr. Lucas has been very active in both civic and church work at his former location and is a Rotarian and a Mason.

PLAIN GROVE

MISSION SOCIETIES

Women's Missionary Society and Rainbow Circle of the U. P. church met at the home of Mrs. Claribel Foster on Monday evening. Devotions were led by Miss Mary Shoaff, with the subject being "The Abundant Life."

The following program was heard: "What Is Thy Life?", Mrs. Hattie Glenn and Mrs. Mary Song; "What Is That In Thine Hand?", Mrs. Alice McKissick and Miss Dorothea McKissick; "How Much Owest Thou?", Mrs. Sara Brown and Miss Marjory Foster.

Business was conducted by the president, Mrs. Vida McNulty, with lunch served by the hostess, aided by Mrs. Bertha Shoaff and Mrs. Jane Book.

PLAINGROVE NOTES

Ten Plaingrove women attended the Spring meeting at Epworth Methodist church in New Castle on Thursday when a Lawrence County Agriculture Extension meeting was held. Plaingrove demonstrated oven meals, with Mrs. Hilda Kohnfelder and Mrs. Gladys Neely demonstrating a short play-let.

Rev. and Mrs. Fred Cochran motored to Martins Ferry, Ohio, to visit the home of the former's mother.

Charles Brennenman and John Sankey have returned from Waynesburg, Pa., where they attended a livestock sale.

Miss Mary Shoaff has returned from a visit to East Liberty and Wilkinsburg in Pittsburgh, where she visited her aunt, Miss Jennie Badger.

Herbert Wallace attended a party at the Roosevelt Hotel in Pittsburgh and visited with his daughter, Mrs. Edwin Goodman and family of East Liberty.

Miss Mary Alice Burns, a patient in the Bashline Rossman hospital at Grove City, is showing improvement.

California's Pappy Waldorf will hold classes on football coaching at a post session of Fresno State's Sierra Summer school at Huntington Lake, August 9-20.

HERE AND THERE IN SPORTS' LAND

BASEBALL. basketball, golf, in fact, all sports have their champs, and checkers, likewise, has its king, he being the incomparable William F. Ryan, known as the "Bronx Comet" of New York City. He will be in this city to play at 8 p. m., May 18, at the "Y". Mr. Ryan is definitely the Mr. Big in a checker enthusiast's opinion. It will be Mr. Ryan's first appearance here, and the first time, an undisputed world's checker champion, ever displayed his prowess in the city. He is 40 years of age, and expects to remain champion for some years to come. He is a draughts player extraordinary, author, editor, lecturer, raconteur, and also a showman. Some call him "Wizard Willie". The champion is coming here through the efforts mainly of Michael Kulich and Imo Pape, checker devotees, and the evening bids fair to be one enjoyable and intellectual. As he plays, Mr. Ryan explains the game and traps, false openings, memory playing, blind fold technique, and those who want to see him in action can buy tickets at the "Y" or Sporting Goods store. If there are any skillful checkers players who would like to tackle Michael Kulich care of the "Y". According to reports there are several outstanding players here, and also in Ellwood City, Wampum, Butler, Farrell and Youngstown. No one is barred, hence communicate with Mr. Kulich.

Motion pictures of fishing and also the Louis-Walcott fight were shown at the LCSA social meeting in Ecclesian hall. Their skeet and trapshooting schedule calls for two shoots weekly. . . . Coon and Fox Hunters Association are mapping plans for their May 15 field trials. . . . When Old Rosebud, owned by H. C. Applegate, ran the Derby distance of one mile and one-quarter in 2:01 2-5 in 1914, he established a record that stood for 17 years. Twenty Grand, owned by Greentree stable, lowered the Derby mark to 2:01 4-5 in 1931, after having set a new American time record of 1:36 for two-year-olds the preceding fall in the Jockey club stakes at Churchill Downs. The record of Twenty Grand stood for 10 years, until 1941, when Calumet Farm's Whirlaway bettered it by two-fifths of a second, running the mile and one-quarter in 2:01 2-5. While he did not set a record himself, Glen Riddle Farm's War Admiral is the only other Derby winner to better the record set by Old Rosebud. Whirlaway's record for the race is within one and one-fifth seconds of the sum of the five fastest quarters run in the races won by Whirlaway, Twenty Grand and War Admiral. The sum of those won by Whirlaway, Twenty Grand and War Admiral. R. D. 9 caught a 24-five fastest quarters is 2:00. . . . Harry Morse of R. D. 9 caught a 24-inch, 4½ pound brown trout in the Little Neshannock creek, near the junction with the Big Neshannock, on the opening day of the season, it was learned today. Morse used a night-crawler as bait.

Skeeter Webb Will Be Coach

BOSTON, April 22.—(INS)—Connie Mack, the 85-year-old manager of the Philadelphia Athletics, announced today he was removing

his son, Earle Mack, 55, from the first base coaching lines.

Connie said Earle is getting too old for coaching duty. He said Skeeter Webb, a utility infielder will take over Earle's job and the younger Mack will retire to the bench as an advisor.

Horace Ashenfelter, Penn State's crack two-miler, ran in only two races before he entered college.

Baltimore Bullets Crowned Champions

BALTIMORE, April 22.—(INS)—The Baltimore Bullets are champions of the Basketball Association of America today by virtue of their 88-73 victory over the Philadelphia Warriors last night. The victory was the Bullets fourth against two defeats in the B.A.A. finals.

The Baltimore quintet thus gained the league title in its first season of B.A.A. competition. Bob Rutherford Sr., dean of Penn State coaches, is looking forward to a good year on the golf links. His 1948 squad, captained by Don Hart, of Newton Square, is composed entirely of experienced shot-makers.

Riviera Decisions Big Pat Cominsky

ST. LOUIS, April 22.—(INS)—Jimmy Williams who fights under the name of Kid Riviera, scored an upset victory over Pat Cominsky of Paterson, N. J., in the feature 10-round heavyweight boxing bout last night at St. Louis. The St. Louis Negro, weighing 216½ pounds, was awarded the decision of two judges while the referee voted in favor of the 213-pound Cominsky.

Approximately 40 drivers will converge at Uniontown with their "doctored" vehicles, ready to launch their bid for 1948 championship honors under the aegis of the American Stock Car Racing Association.

Home Ownership Reducing Number Of Rental Homes

HARRISBURG, April 22.—(INS)—The Pennsylvania Real Estate Association today claimed the current trend toward private home ownership is reducing the number of dwelling units available for rental.

President Henry W. Mathieu, of Norristown, reported the number of owner-occupied homes in Pennsylvania and the nation has increased 40 per cent within the past seven years to a total of 21,300,000 at present.

"This is conclusive proof that the imposition of rent control has increased the number of owner-occupied homes while at the same time, the number of dwelling units occupied by tenants decreased," he claimed.

"The gradual disappearance of dwellings for tenant occupancy will continue as long as rent restrictions are maintained because persons with money to invest will not consider rental units since it has been proved they cannot obtain a fair return on their investment."

BUCK PASSED

SALEM, Ore.—Bill Mountford, Denver schoolboy, wrote the Oregon Highway Commission's travel information bureau asking a prehistoric map of Oregon. The bureau forwarded the request to the Grants Pass Cavemen, a city civic organization.

Farm Laborers' Wages Hit Peak

HARRISBURG, April 22.—(INS) Wages paid Pennsylvania farm laborers hit new peaks during the first quarter of 1948, it was reported today by Agriculture Secretary Miles Horst.

Farm wages presently stand at 300 per cent of the pre-war 1935-39 rate, Horst explained. Wages increased 12 per cent in the past 12 months, he added.

"There are indications that this steady increase in the cost of producing food may continue for some months," he pointed out. "Experienced workers are hard to get, especially on dairy farms where wages rates are well above the state average."

Average wages as of April 1 were \$4.85 per day and \$86 per month with board; \$6 per day and \$120 per month without board.

'Unbossed' GOP Convention Seen

West Virginia National Committee-man Says 'All 48 States Will Have Choices'

PHILADELPHIA, April 22.—(INS)—An "unbossed" Republican National Convention in June was pledged today by Walter S. Hallanan, chairman of the party's arrangements committee.

Hallanan, a West Virginia GOP National Committeeman, said the party nominee would be the "free and open choice" of delegates from the 48 states.

He added:

"I hope that the presidential nominee will be one who thinks in terms of America—who does not expect to spend his time in developing continual crisis, both at home and abroad—and who does not seek to regiment or regulate the life of the American people under a Washington bureaucracy."

Hallanan said the Truman administration has become "hopelessly involved in organizing the peace." He accused the federal administration of maintaining a "breeding ground" for Communists in the State Department.

'Walking Hill' Quits Walking

PITTSBURGH, April 22.—(INS)—Pittsburgh's "walking hill" was stationary today.

Measurements made by Pennsylvania Railroad engineers Wednesday showed that the huge slide, estimated to weigh hundreds of thousands of tons, had been still since 9 a. m.

The landslide, believed caused by a saturation of an underlying layer of clay with water from springs, affected an area of 300,000 square feet. Its depth was estimated at 500 to 1,500 feet.

In its six day march, the 600 foot hill damaged three homes, forced a highway 12 feet out of line and forced the Telephone Company and the Pennsylvania Railroad to move lines.

There is a lot more health to be found out in the open than in a box or bottle.
